Includes its Report 1896 19 **Oversight of the U.S. Coast Guard Budget** United States. Congress. Senate. Committee on Commerce, Science, and Transportation. Subcommittee on Oceans, Atmosphere, Fisheries, and Coast Guard,2012

Architecture in Transition Kelly Crossman,1987 The world of Canadian architecture was transformed during the years before 1900 New technologies such as the steel frame changed the way buildings were constructed new styles such as the Richardsonian Romanesque changed the way buildings looked and the development of the Canadian economy meant that new types of buildings were required Many of the public buildings banks houses hotels department stores and factories constructed during these years determined the character of Canadian cities for the next half century **Citizenship in a Fragile World** Bernard P. Dauenhauer,1996 Traditional conceptions of citizenship have dealt almost exclusively with political life within one state But the internationalization of so much economic cultural and political life today presents new opportunities and problems_including the potential to extinguish human life Taking these new features as a point of departure Dauenhauer exposes the flaws in standard communitarian and liberal democratic theory focusing on the work of Charles Taylor John Rawls and JYrgen Habermas He articulates a concept of complex citizenship that recognizes citizens responsibilities beyond borders and shows its fruitfulness for educating children and dealing with foreign states and their peoples Success on the Tenure Track Cathy Ann Trower,2012-08-15 Satisfaction ratings from tenure track faculty at 200 institutions across the country reveal best practices and the key elements of workplace success Landing a tenure track position is no easy task Achieving tenure is even more difficult Under what policies and practices do faculty find greater clarity about tenure and experience higher levels of job satisfaction And what makes an institution a great place to work In 2005 2006 the Collaborative on Academic Careers in Higher Education COACHE at the Harvard Graduate School of Education surveyed more than 15 000 tenure track faculty at 200 participating institutions to assess their job satisfaction The survey was designed around five key themes for faculty satisfaction tenure clarity work life balance support for research collegiality and leadership Success on the Tenure Track positions the survey data in the context of actual colleges and universities and real faculty and administrators who talk about what works and why Best practices at the highest rated institutions in the survey Auburn Ohio State North Carolina State Illinois at Urbana Champaign Iowa Kansas and North Carolina at Pembroke give administrators practical proven advice on how to increase their employee satisfaction Additional chapters discuss faculty demographics trends in employment practices what leaders can do to create and sustain a great

workplace for faculty and what the future might hold for tenure An actively engaged faculty is crucial for American higher education to retain its global competitiveness Cathy Ann Trower s analysis provides colleges and universities a considerable inside advantage to get on the right track toward a happy productive workforce *Aging Public Policy* Theodore H. Hoff,Richard W. Park,2016-12-05 Aging Public Policy Bonding the Generations is presented in three parts Part One describes the policy process as a response to human needs through the laws of our country Part Two explores the national policy development on behalf of older persons Part Three describes the major public policies on behalf of the elderly that include Social Security Medicare The Older Americans Act institutional care employment and retirement policies The final chapter discusses the advocacy process in the field of aging *Transformative Curriculum Design in Health Sciences Education* Halupa, Colleen,2015-04-30 A crucial element in ensuring patient safety and quality of care is the proper training of the next generation of doctors nurses and healthcare staff To effectively serve their students health science educators must first prepare themselves with competencies in pedagogy and curriculum design *Transformative Curriculum Design in Health Sciences Education* provides information for faculty to learn how to translate technical competencies in medicine and healthcare into the development of both traditional and online learning environments This book serves as a reference for health sciences undergraduate and graduate faculty interested in learning about the latest health sciences educational principles and curriculum design practices This critical reference contains innovative chapters on transformative learning curriculum design and development the use of technology in healthcare training through hybrid and flipped classrooms specific pedagogies interprofessional education and more **Marine Fisheries Review** ,1976 *Key Concepts for Understanding Curriculum: Planning, management, and ideology* Colin J. Marsh,1997 Each chapter of this book is devoted to a separate concept which is analyzed in terms of its major features Follow up questions at the end of each chapter are designed to challenge the reader to reflect further on the specific issues raised *Key Concepts for Understanding the Curriculum* Colin J. Marsh,2018-10-24 Each chapter of this book is devoted to a separate concept which is analyzed in terms of its major features Follow up questions at the end of each chapter are designed to challenge the reader to reflect further on the specific issues raised **Cereal Grains** Sukhvinder Singh Purewal,2025-08-29 Cereal grains are a major part of the global diet but their nutritional benefits depend on how they are processed This book explores how various techniques influence nutrient content bioavailability and food quality It provides a clear understanding of traditional and modern processing methods helping professionals optimize grain based products This book provides updated information on innovative grain processing techniques and demonstrates how different methods affect dietary value Helpful for the industrial sector as well as serving as a reliable source for food science and nutrition studies this book bridges the gap between research and real world applications ultimately offering practical and meaningful information for improving cereal based health benefiting food products Key Features Provides comprehensive knowledge on different kinds of cereal
