Obama Orwellian Report Neighbors:

America Dinesh D'Souza, 2014-06-02 1 New York Times Bestseller Is America a source of pride as Americans have long held or shame as Progressives allege Beneath an innocent exterior are our lives complicit in a national project of theft expropriation oppression and murder or is America still the hope of the world Dinesh D Souza says these questions are no mere academic exercise It is the Progressive view that is taught in our schools that is preached by Hollywood and that shapes the policies of the Obama administration If America is a force for inequality and injustice in the world its power deserves to be diminished if traditional America is based on oppression and theft then traditional America must be reformed and the federal government can do the reforming In America Imagine a World without Her D Souza offers a passionate and sharply reasoned defense of America knocking down every important accusation made by Progressives against our country Provocative in its analysis stunning in its conclusions Dinesh D Souza's America is a new classic

Retreat and its Consequences Robert J. Lieber, 2016-05-03 What are the consequences of retreat and retrenchment in foreign policy In recent years America has pulled back from its long time role of international leadership In doing so the Obama administration has sought to conciliate adversaries shown indifference to allies called upon the international community to step in proclaimed and then disavowed red lines and preferred to lead from behind in the face of catastrophic civil war in Syria ISIS barbarism in the Middle East and North Africa Russia's predatory behavior in Eastern Europe and China's muscle flexing in East Asia The consequences of this realist experiment have been costly and painful and it has caused the US to lose credibility with friends and foes America retains the capacity to lead but unless it resumes a more robust role the world is likely to become a more dangerous place with mounting threats not only to regional stability and international order but to the national interests of America itself

Grading the 44th President Luigi Esposito, Laura L. Finley, 2012-04-13 How has Barack Obama done in his first term as a progressive president especially in relation to his campaign assertions This book analyzes the performance of Obama and his administration in promoting progressive causes in a wide range of policy areas including the economy education immigration healthcare reform criminal justice and foreign affairs Grading the 44th President A Report Card on Barack Obama's First Term as a Progressive Leader is written in clear language that is free of jargon and from a leftist perspective offering a comprehensive analysis and critique of Obama's performance as a progressive president during his first term The authors provide in depth analyses with respect to Obama's handling of specific issues including the economy education healthcare criminal justice policy the environment immigration Iraq and Afghanistan race relations gender issues and gay lesbian issues covering topics in detail that general biographies of Obama and examinations of his political career miss This book presents clear accessible information for general readers and contains in depth discussion of topics useful to high school college and university students of sociology government political science philosophy and history

Vox Populi Roger Kimball, 2017-11-28 The rise of populist movements across the political spectrum poses a

vital question what role should populism play in modern democracy In ten trenchant essays the writers of The New Criterion examine the perils and promises of populism in Vox Populi a new collection that marks the thirty fifth anniversary of this critical journal Beginning with a reflection on the problems of populism for American conservatism George H Nash the essays expound broadly and deeply on populist unrest the populist revolts of ancient Rome Barry Strauss the rise of popular referenda and the Brexit vote Daniel Hannan American populism and the legacy of H L Mencken Fred Siegel populism and the Founders generation James Piereson populism and identity Roger Scruton populism around the world Andrew C McCarthy the birth of a new American populist movement Victor Davis Hanson and populism s historical impact on the American party system Conrad Black The book concludes with a discussion of the struggle to keep government in the hands of a free people Roger Kimball Just what perils and promises are found in populist ferment may be the question of our age Taken together these ten essays consider the voice of the people in the light of history in a collection that only The New Criterion could assemble

Big Brother Mark Dice,2011-01-21 In Big Brother The Orwellian Nightmare Come True Mark Dice details actual NSA high tech spy systems mind reading machines secret government projects and emerging artificial intelligence programs that seem as if they came right out of George Orwell s novel Nineteen Eighty Four Orwell s famous book was first published in 1949 and tells the story of a nightmarish future where citizens have lost all privacy and are continuously monitored by the omniscient Big Brother surveillance system which keeps them obedient to a totalitarian government The novel is eerily prophetic as many of the fictional systems of surveillance described have now become a reality Mark Dice shows you the scary documentation that Big Brother is watching you and is more powerful than you could imagine The National Security Agency Facial Recognition Scanners Mind Reading Machines Neural Interfaces Psychotronic Weapons Orwellian Government Programs The Nanny State Orwellian Weapons Artificial Intelligence Cybernetic Organisms A Closer Look at 1984 Our Social Structure The Control of Information Perpetual State of War The Personification of the Party Telescreens A Snitch Culture Relationships in Shambles A Heartless Society Foreign Countries Painted as Enemies Power Hungry Officials An Erosion of the Language Double Think And More By the author of The Illuminati Facts Fiction

to confront the changing nature of cybercrime

Romans: Three Exegetical Interpretations and the History of Reception Daniel Patte, 2018-07-26 In the first of a three volume work Daniel Patte presents three very different critical exegeses of Romans 1 arguing that all are equally legitimate and hermeneutically plausible By expanding upon and respecting the exegeses of many erudite scholars of the last two centuries Patte concludes that three families of vastly different critical interpretations are fully justified traditional philological and epistolary studies rhetorical and sociocultural studies and figurative studies of the coherence of Paul's teaching Arising from a long standing interdisciplinary investigation of many receptions of Romans in light of recent diversification of exegetical methodologies Patte concludes that the interpretation of a scriptural text necessarily involves making a choice among equally legitimate and plausible alternatives and second that this choice is always contextual and ethical When these points are denied by failing to respect the interpretations of others and absolutizing one's interpretation instead of being a scriptural blessing Romans becomes a deadly weapon against others heretics Jews Shoah and many others The result is a threefold commentary of Romans 1 that is unique in its scope and thorough going exegesis

A Perilous Path Anne R. Pierce, 2016-07-05 Exposing the moral and strategic deficits of the Obama Clinton and Kerry approach to world affairs A Perilous Path takes a close look at American history while at the same time providing fresh thought provoking analysis It calls for renewal of the best American foreign policy traditions which emphasize peace through strength and human rights Anne R Pierce tells the fascinating story of Obama administration foreign policy and illustrates its disturbing consequences She shows that President Obama and his Secretaries of State expended more effort in improving relations with dictatorships than in strengthening ties with democracies or encouraging ideas of freedom With meticulous research Pierce documents the administration's decisions and discusses its worldview She reveals vital information regarding Hillary Clinton's tenure as Secretary of State providing a cautionary account of what we can expect from a Clinton presidency Whoever becomes president A Perilous Path offers a moral and strategic compass for both policymakers and the public

Life in Schools Peter McLaren, 2015-11-17 This new edition brings McLaren's popular classic textbook into a new era of Common Core Standards and online education The book is renowned for its clear provocative classroom narratives and its coverage of political economic and social factors that are undervalued in other educational textbooks An international committee of experts ranked Life in Schools among the top twelve education books in the world

The Police in a Free Society Todd Douglas, 2017-09-15 An unprecedented look at the evolution of American police from filling their intended role as peacekeepers and guardians of citizen rights to calling themselves and acting primarily as law enforcement officers As accusations of police misconduct and racial bias increasingly dominate the media The Police in a Free Society Safeguarding Rights While Enforcing the Law takes an unflinching look at the police the communities they serve and the politicians who direct them Author Todd Douglas a veteran state police commander exposes the occurrences of police misconduct and incompetence as well as incidences of charlatans who

intentionally inflame racial tensions with the police for their own political or financial gain Readers will better understand what police officers must deal with on a daily basis grasp the role of lawmakers in keeping faith with the public and appreciate the tremendous challenges that police leaders face in attempting to reverse recent trends and shore up public confidence in police officers This is a rare glimpse into the often ugly reality of what happens on America s streets with insights gained from the perspective of the cop and suspect alike

If You Can Read This Jack Bowen,2010 Mixing pop culture with the ideas of historically prominent philosophers and scientists If You Can Read This exposes the deeper wisdom couched behind bumper sticker slogans

Issues and Controversies in Policing Today Johnny Nhan,2025-03-18 Issues and Controversies in Policing Today by Johnny Nhan is a thought provoking exploration of today s policing challenges It delves into contemporary topics ranging from police misconduct and racial profiling to LGBTQ officers and policing technologies These topics are grounded in theory research and practice This second edition features two new chapters covering 1 the critical shortage of police officers and 2 the conflict and tensions between street cops and management cops Since the first edition the author has undergone the police academy and became a reserve police officer This new and unique perspective going from academic to practitioner adds depth bringing firsthand experience to the discussion and throughout this text Whether you are a student practitioner or curious reader the second edition of Issues and Controversies in Policing Today offers valuable insights into the evolving landscape of law enforcement

Political Brands Ciara Torres-Spelliscy,2019 From I Like Ike to Trump s MAGA hats branding and politics have gone hand in hand selling ideas ideals and candidates Political Brands explores the legal framework for the use of commercial branding and advertising techniques in presidential political campaigns as well as the impact of politics on commercial brands This thought provoking book examines how branding is used by citizens to change public policy from Civil Rights activists in the 1960s to survivors of the 2018 Parkland massacre

American Conspiracy Theories Joseph E. Uscinski,Joseph M. Parent,2014-08-05 We are living in an age of conspiracy theories whether it s enduring widely held beliefs such as government involvement in the Kennedy assassination or alien activity at Roswell fears of a powerful infiltrating group such as the Illuminati Jews Catholics or communists or modern fringe movements of varying popularity such as birtherism and trutherism What is it in American culture that makes conspiracy theories proliferate Who is targeted and why Are we in the heyday of the conspiracy theory or is it in decline Though there is significant scholarly literature on the topic in psychology sociology philosophy and more American Conspiracy Theories is the first to use broad long term empirical data to analyze this popular American tendency Joseph E Uscinski and Joseph M Parent draw on three sources of original data 120 000 letters to the editor of the New York Times and Chicago Tribune from between 1890 and 2010 a two wave survey from before and after the 2012 presidential election and discussions of conspiracy theories culled from online news sources blogs and other Web sites also from before and after the election Through these sources they are able to address crucial questions such as similarities and differences in the nature of

conspiracy theories over time the role of the Internet and communications technologies in spreading modern conspiracy theories and whether politics economics media war or other factors are most important in popularizing conspiratorial beliefs Ultimately they conclude that power asymmetries both foreign and domestic are the main drivers behind conspiracy theories and that those at the bottom of power hierarchies have a strategic interest in blaming those at the top in other words conspiracy theories are for losers But these losers can end up having tremendous influence on the course of history and American Conspiracy Theories is an unprecedented examination of one of the defining features of American political life

Why I Wrote This Poem William Walsh,2023-01-12 An anthology of a different sort this volume presents a representative sample of contemporary American poems in 2023 with a road map of their origins Bringing a diversity of styles and sensibilities 62 poets from across the United States some well known some up and coming illuminate their craft Each poet contributes one poem accompanied by an essay discussing their creative process and how the verse came to fruition

One Percent Devils and Their Satanic Tools Curtis Alan Woods, JD, MSAJ, BA,2016-09-01 One Percent Devils and Their Satanic Tools by Curtis Alan Woods JD MSAJ BA One Percent Devils and Their Satanic Tools addresses the rampant moral crisis in a dozen professions Moral politicians religious leaders news media and economists are allowing One Percent Devils and their Satanic Tools Republican politicians preachers and the press to gradually eliminate and replace democracy moral capitalism the Bill of Rights and the Constitution with an Anglo Saxon new world order that would be as tyrannical and immoral as Nazi and atheistic communist orders Satanic Tools disrespect suppress and bully anyone who is not a male Caucasian and a Judeo Christian They are against equal rights justice fair distribution of national income and wealth education so voters are unintelligent regulation of any business and social safety nets for their victims They don t want Medicare Medicaid or Affordable Health Care so victims die and taxes can be reduced Immoral means to immoral ends includes Orwellian Repetitive Lies and Hitler Nixon type Machiavellian Divide and Conquer Wedge Issue Tactics so people vote against their own socio economic interests freedoms and rights

Public Parts Jeff Jarvis,2011-09-27 A visionary and optimistic thinker examines the tension between privacy and publicness that is transforming how we form communities create identities do business and live our lives Thanks to the internet we now live more and more in public More than 750 million people and half of all Americans use Facebook where we share a billion times a day The collective voice of Twitter echoes instantly 100 million times daily from Tahrir Square to the Mall of America on subjects that range from democratic reform to unfolding natural disasters to celebrity gossip New tools let us share our photos videos purchases knowledge friendships locations and lives Yet change brings fear and many people nostalgic for a more homogeneous mass culture and provoked by well meaning advocates for privacy despair that the internet and how we share there is making us dumber crasser distracted and vulnerable to threats of all kinds But not Jeff Jarvis In this shibboleth destroying book Public Parts argues persuasively and personally that the internet and our new sense of publicness are in fact doing the opposite Jarvis

travels back in time to show the amazing parallels of fear and resistance that met the advent of other innovations such as the camera and the printing press The internet he argues will change business society and life as profoundly as Gutenberg's invention shifting power from old institutions to us all Based on extensive interviews Public Parts introduces us to the men and women building a new industry based on sharing Some of them have become household names Facebook's Mark Zuckerberg Google's Eric Schmidt and Twitter's Evan Williams Others may soon be recognized as the industrialists philosophers and designers of our future Jarvis explores the promising ways in which the internet and publicness allow us to collaborate think ways how we manufacture and market buy and sell organize and govern teach and learn He also examines the necessity as well as the limits of privacy in an effort to understand and thus protect it This new and open era has already profoundly disrupted economies industries laws ethics childhood and many other facets of our daily lives But the change has just begun The shape of the future is not assured The amazing new tools of publicness can be used to good ends and bad The choices and the responsibilities lie with us Jarvis makes an urgent case that the future of the internet what one technologist calls the eighth continent requires as much protection as the physical space we share the air we breathe and the rights we afford one another It is a space of the public for the public and by the public It needs protection and respect from all of us As Secretary of State Hillary Clinton said in the wake of the uprisings in the Middle East If people around the world are going to come together every day online and have a safe and productive experience we need a shared vision to guide us Jeff Jarvis has that vision and will be that guide

Capitalism, Hegemony and Violence in the Age of Drones Norman

Pollack, 2017-12-12 This book offers a critical analysis of the rise of the US to global hegemony against a background of increased erosion of democracy and rule of law and a rising linear pattern of near absolute capitalist development The author argues that the significant shrinkage of the ideological spectrum globally as a result of worrisome levels of business and government interpenetration has created a dangerous prefascist configuration whereby unthinkable levels of violence have been normalized through the use of technologies such as drones increasingly condoned even by liberal groups and the so called political left Using the example of the Obama administration and its increased reliance on drone assassinations the volume makes a case for the dangers that lie in today's unique convergence of lack of transparency in government business government interpenetration informal social regimentation and militarization of capitalism

Net Locality Eric

Gordon, Adriana de Souza e Silva, 2011-03-21 The first book to provide an introduction to the new theory of Net Locality and the profound effect on individuals and societies when everything is located or locatable Describes net locality as an emerging form of location awareness central to all aspects of digital media from mobile phones to Google Maps to location based social networks and games such as Foursquare and Facebook Warns of the threats these technologies such as data surveillance present to our sense of privacy while also outlining the opportunities for pro social developments Provides a theory of the web in the context of the history of emerging technologies from GeoCities to GPS Wi-Fi Wiki Me and Google Android

Stripping Bare the Body Mark Danner, 2009-10-13 For the past two decades Mark Danner has reported from Latin America Haiti the Balkans and the Middle East His perceptive award winning dispatches have not only explored the real consequences of American engagement with the world but also the relationship between political violence and power In *Stripping Bare the Body* Danner brings together his best reporting from the world's most troubled regions from the fall of the Duvalier dictatorship in Haiti to the tumultuous rise of Aristide from the onset of the Balkan Wars to the painful fragmentation of Yugoslavia and finally to the disastrous invasion of Iraq and the radical destructive legacy of the Bush administration At a time when American imperial power is in decline there has never been a more compelling moment to read these urgent fiercely intelligent reports
