Monitoring Educational Equity National Academies of Sciences, Engineering, and

Medicine, Division of Behavioral and Social Sciences and Education, Committee on National Statistics, Board on Testing and Assessment, Committee on Developing Indicators of Educational Equity, 2019-09-30 Disparities in educational attainment among population groups have characterized the United States throughout its history Education is sometimes characterized as the great equalizer but to date the country has not found ways to successfully address the adverse effects of socioeconomic circumstances prejudice and discrimination that suppress performance for some groups To ensure that the pursuit of equity encompasses both the goals to which the nation aspires for its children and the mechanisms to attain those goals a revised set of equity indicators is needed Measures of educational equity often fail to account for the impact of the circumstances in which students live on their academic engagement academic progress and educational attainment Some of the contextual factors that bear on learning include food and housing insecurity exposure to violence unsafe neighborhoods adverse childhood experiences and exposure to environmental toxins Consequently it is difficult to identify when intervention is necessary and how it should function A revised set of equity indicators should highlight disparities provide a way to explore potential causes and point toward possible improvements Monitoring Educational Equity proposes a system of indicators of educational equity and presents recommendations for implementation This report also serves as a framework to help policy makers better understand and combat inequity in the United States education system Disparities in educational opportunities reinforce and often amplify disparities in outcomes throughout people's lives Thus it is critical to ensure that all students receive comprehensive supports that level the playing field in order to improve the well being of underrepresented individuals and the nation

Gender Equity in STEM in Higher Education Hyun Kyoung Ro, Frank Fernandez, Elizabeth Ramon, 2021-07-11 This timely volume brings together a range of international scholars to analyse cultural political and individual factors which contribute to the continued global issue of female underrepresentation in STEM study and careers Offering a comparative approach to examining gender equity in STEM fields across countries including the UK Germany the United States Hong Kong Taiwan South Africa and China the volume provides a thematic breakdown of institutional trends and national policies that have successfully improved gender equity in STEM at institutions of higher education Offering case studies that demonstrate how policies interact with changing social and cultural norms and impact women's choices and experiences in relation to the uptake and continuation of STEM study at the undergraduate level the volume highlights new directions for research and policy to promote gender equity in STEM at school university and career levels Contributing to the United Nations UN 2030 Agenda for Sustainable Development this text will benefit researchers academics and educators with an interest in science education higher education and gender equity in STEM fields The text will also support further discussion and reflection around multicultural education educational policy and politics and the sociology of education more broadly

Key Maths GCSE, 2002 These Teacher Files are designed to supplement and support the material covered at GCSE

Exploring Diversity at Historically Black Colleges and Universities: Implications for Policy and Practice Robert T. Palmer, C. Rob Shorete, II, Marybeth Gasman, 2015-06-16 Though scholars have explored various topics related to Historically Black Colleges and Universities HBCUs little empirical research has critically examined the increasingly changing racial demography and social diversity of HBCUs and their impact on HBCU stakeholders This volume provides meaningful context and initiates discussion on the increasingly changing diversity of HBCUs It offers new information that will help HBCUs be more intentional about creating an inclusive campus environment for all enrolled students discusses the experiences of LGBT Latino and other minority students enrolled at HBCUs and examines myths and historical contexts of HBCUs Aside from the practical implications provided herein the volume also provides salient context for researchers and policymakers interested in the diversification of HBCUs Given the range and the depth of the issues covered it is a must read for anyone interested in HBCUs in general and student success within these institutions specifically This is the 170th volume of the Jossey Bass quarterly report series New Directions for Higher Education Addressed to presidents vice presidents deans and other higher education decision makers on all kinds of campuses it provides timely information and authoritative advice about major issues and administrative problems confronting every institution

Diverse Leadership Perspectives in Education: From K-12 to Higher Education Soles, Brooke, Meyerott, Theresa, 2025-05-22 Diverse leadership in education is crucial for fostering inclusive and equitable learning environments across all levels of the education system From K 12 schools to higher education institutions leadership plays a pivotal role in shaping policies curriculum and school culture Embracing diversity in leadership enhances the overall educational experience by ensuring that all voices are heard and valued and it allows underdeveloped voices to be heard Allowing diverse voices in leadership is essential for addressing systemic inequalities while also promoting innovation and preparing students for a globalized world where diverse perspectives are key to success Exploring diverse leadership across educational levels provides insight into how these varied perspectives can positively impact both institutional practices and student outcomes Diverse Leadership Perspectives in Education From K 12 to Higher Education provides an overview of leadership s evolving purpose and scope containing research practical strategies and examples of complex problems in the educational system and how having a diverse voice in leadership can help solve these problems It explores the assets of diversity multiple perspectives and the role of students in the educational landscape This book covers topics such as educational technology gender and diversity and information science and is a useful resource for educators sociologists academicians and researchers

Using Self-Efficacy for Improving Retention and Success of Diverse Student Populations Herron, Jeffrey, 2022-10-14 Despite the many strides that have been made in diversity equity and inclusion many educational systems across the world continue to struggle with equality in education for all students regardless of race gender or socioeconomic status This struggle within education

inevitably negatively impacts society as only select groups are given the opportunity to excel It is essential for school systems to be proactive when dealing with student learning outcomes and student retention for all student populations Using Self Efficacy for Improving Retention and Success of Diverse Student Populations discusses the best practices in supporting students during their educational journey and examines the current efforts to improve student retention Covering topics such as computing education academic counseling and student success prediction this premier reference source is an excellent resource for faculty and administrators of both K 12 and higher education pre service teachers teacher educators school counselors sociologists librarians researchers and academicians

International Practices to Promote Budget Literacy

Harika Masud, Helene Pfeil, Sanjay Agarwal, Alfredo Gonzalez Briseno, 2017-08-09 Budget literacy is defined as the ability to read decipher and understand public budgets to enable and enhance meaningful citizen participation in the budget process It is comprised of two main parts i a technical understanding of public budgets including familiarity with government spending tax rates and public debt and ii the ability to engage in the budget process comprising of practical knowledge on day to day issues as well as an elementary understanding of the economic social and political implications of budget policies the stakeholders involved and when and how to provide inputs during the annual budget cycle Given that no international standards or guidelines have been established for budget literacy education to date this book seeks to address this gap by taking stock of illustrative initiatives promoting budget literacy for youth in selected countries The underlying presumption is that when supply side actors in the budget process governments simplify and disseminate budget information for demand side actors citizens this information will then be used by citizens to provide feedback on the budget However since citizens are often insufficiently informed about public budgets to constructively participate in budget processes one way to empower them and to remedy the problem of budget illiteracy is to provide budget literacy education in schools to youth helping them evolve into civic minded adults with the essential knowledge needed for analyzing their government's fiscal policy objectives and measures and the confidence and sense of social responsibility to participate in the oversight of public resources This book elaborates on approaches learning outcomes pedagogical strategies and assessment approaches for budget literacy education and presents lessons that are relevant for the development improvement or scaling up of budget literacy initiatives
