Latin America in the World Antonia Garcia-Rodriguez, Daniel J. Greenberg, 2020-04-02 From the Foundations in Global Studies series this text offers students a fresh comprehensive multidisciplinary entry point to Latin America After a brief introduction to the study of the region the early chapters of the book survey the essentials of Latin American history important historical narratives and the region s languages religions and global connections Students are guided through the material with relevant maps resource boxes and text boxes that support and guide further independent exploration of the topics at hand The second half of the book features interdisciplinary case studies each of which focuses on a specific country or subregion and a particular issue Each chapter gives a flavor for the cultural distinctiveness of the particular country yet also draws attention to global linkages Readers will come away from this book with an understanding of the larger historical political and cultural frameworks that shaped Latin America as we know it today and of current issues that have relevance in Latin America and beyond

Law and Regulation of Mobile Payment Systems Joy Malala, 2017-11-28 Over the last ten years mobile payment systems have revolutionised banking in some countries in Africa In Kenya the introduction of M Pesa a new financial services model has transformed the banking and financial services industry Giving the unbanked majority access to the financial services market it has attracted over 18 million subscribers which is remarkable given that fewer than 4 million people in Kenya have bank accounts This book addresses the legal and regulatory issues arising out of the introduction of M Pesa in Kenya and its drive towards financial inclusion It considers the interaction between regulation and technological innovation with a particular focus on the regulatory tools institutional arrangements and government decisional processes through the examination as a whole of its regulatory capacity This is done with a view to understanding the regulatory capacity of Kenya in addressing the vulnerabilities presented by technological innovation in the financial industry for consumers after financial inclusion It also examines the way that mobile payments have been regulated by criticising the piecemeal approach that the Central Bank of Kenya has taken in addressing the legal and regulatory issues presented by mobile payments The book argues there are

significant gaps in the regulatory regime of mobile banking in Kenya **CBSE Question Bank Chapterwise & Topicwise SOLVED PAPERS Class 10 English Communicative | For Board Exams 2025** ,2024-06-01 Description of the Product 100% Updated with Latest Syllabus Questions Typologies We have got you covered with the latest and 100% updated curriculum Crisp Revision with Topic wise Revision Notes Smart Mind Maps Study smart not hard Extensive Practice with 700 Questions Self Assessment Papers To give you 700 chances to become a champ Concept Clarity with 500 Concepts Concept Videos For you to learn the cool way with videos and mind blowing concepts 100% Exam Readiness with Expert Answering Tips Suggestions for Students For you to be on the cutting edge of the coolest educational trends

Confronting Corruption in Business Alan T. Belasen,Roxana Toma,2015-12-07 Confronting Corruption in Business focuses on the contextual issues that trigger corruption to give the reader a more thorough understanding of destructive leadership It provides students with a unique critical perspective on issues of leadership corruption and policy in different countries industries and companies While there isn t a universally agreed upon definition of corruption in social sciences it generally refers to efforts to secure wealth or power through misusing public power for private gain This kind of destructive leadership is typically treated as an anomaly but this book closes the gap in our understanding by highlighting the wider consequences of this behavior within business and on an international level Armed with this understanding one also learns how to mitigate its causes and consequences Edited by leading experts the book includes contributions from scholars with international expertise on leadership strategy political science finance organizational change and public policy It is the first book to focus on corruption on the country level and within business and students in international business management ethics and leadership classes will find it a valuable read **Sustainability in Public Procurement, Corporate Law and Higher Education** Lela Melon,2023-12-12 Contemporary changes in law and policy at the global level to efficiently answer to environmental and social issues correspond to the traditional approach of limiting the regulatory and policy changes to a singular field or discipline tackling the inherent unsustainability of corporate laws or incentivising the offering of sustainable finance to stimulate the transition towards sustainable practices This book provides a new viewpoint and approach of simultaneously regulating seemingly non connected fields in order to provide a fertile ground for a truly organic change towards sustainable outcomes It addresses diverse questions of sustainable transition of the three specific fields to support sustainable practices in public procurement private market transaction and in educating future business leaders and legal experts by incorporating sustainable concerns as the underlying guiding principles of their conduct It translates scientific findings into a practical format that can be used by diverse stakeholders searching for information and solutions in their respective professional fields The underlying assumption is that a simultaneous action in the three respective fields of public procurement corporate law and higher education brings about more coherent and interconnected results that incentivise further action and changes towards sustainable practices The book furthers the idea of policy coherence by building upon the

findings in the field of public procurement corporate law and practice and higher education curricula By identifying the barriers in the three respective fields for sustainable action and proposing solutions for either eliminating or minimising those barriers at the EU level the book calls for further changes in the respective fields as well as for considering the spillover effects of these policies on other fields
