The Wages of War Richard Severo, Lewis Milford, 2016-03-08 A disturbing chronicle of the US government's mistreatment of American soldiers and veterans throughout history with a new introduction by Charles Sheehan Miles Time and time again the sacrifices made by veterans and their families have been repaid with scorn discrimination lack of health services scant financial compensation and other indignities This injustice dates back as far as the American Revolution when troops came home penniless and without prospects for work yet had to wait decades before the government paid them the wages they were owed When

soldiers returned from the Cuban campaign after the Spanish American War they were riddled with malaria typhoid yellow fever and dysentery but the government refused to acknowledge their illnesses and finally dumped them in a makeshift tent city on Long Island where they were left to starve and die Perhaps the most infamous case of disgraceful behavior toward veterans happened after the Vietnam War when soldiers were forced to battle bureaucrats and lawyers and suffer media slander because they asked the government and chemical industry to help them cope with the toxic aftereffects of Agent Orange In *The Wages of War* authors Richard Severo and Lewis Milford not only uncover new information about the controversial use of this defoliant in Vietnam and the subsequent class action suit brought against its manufacturers but also present fresh information on every war in US history The result is exhaustive proof that save for the treatment of soldiers in the aftermath of World War II the government's behavior towards American servicemen has been more like that of a slippery insurance company than a policy rooted in the idea of justice and fair reward

Cinema and Secularism Mark Cauchi, 2023-12-14 *Cinema and Secularism* is the first collection to make the relationship between cinema and secularism thematic utilizing a number of different methodological approaches to examine their identification and differentiation across film theory film aesthetics film history and throughout global cinema The emergence of moving images and the history of cinema historically coincide with the emergence of secularism as a concept and discourse More than historically coinciding however cinema and secularism would seem to have and many contemporary theorists and critics seem to assume a more intrinsic almost ontological connection to each other While early film theorists and critics explicitly addressed questions about secularism religion and cinema once the study of film was professionalized and secularized in the Western academy in both film studies and religious studies explicit and critical attention to the relationship between cinema and secularism rapidly declined Indeed if one canvases film scholarship today one will find barely any works dedicated to thinking critically about the relationship between cinema and secularism Extending the recent secular turn in the humanities and social sciences *Cinema and Secularism* provokes critical reflection on its titular concepts Making contributions to theory philosophy criticism and history the chapters in this pioneering volume collectively interrogate the assumption that cinema is secular how secularism is conceived and related to cinema differently in different film cultures and whether the world is disenchanted or enchanted in cinema Coming from intellectually diverse backgrounds in film studies religious studies and philosophy the interdisciplinary contributors to this book cover films and traditions of thought from America Europe Africa the Middle East South Asia and East Asia In these ways *Cinema and Secularism* opens new areas of inquiry in the study of film and contributes to the ongoing interrogation of secularism more broadly

[Canada: The State of the Federation 2017](#) Elizabeth Goodyear-Grant, Kyle Hanniman, 2019-10-16 In October 2015 the federal Liberals came to power with sweeping plans to revamp Canada's democratic and federal institutions a modernizing agenda intended to revitalize Canada's democratic architecture The centrepiece of the agenda was the replacement of

Canada's first past the post electoral system but they also promised to revitalize relations with the provinces bring Indigenous Peoples into the intergovernmental fold and to change the ways in which senators and Supreme Court justices are appointed How has the reform agenda fared Has it resulted in a more effective and democratic set of political and federal institutions Or has it largely failed to deliver on these objectives What more broadly is the state of Canada's democratic and federal institutions The Queen's Institute of Intergovernmental Relations used the occasion of Canada's 150th birthday to examine these pressing issues The 2017 volume in the State of the Federation series focuses on enduring questions about the functioning of federalism and intergovernmental relations in Canada including how we should evaluate the quality of Canada's institutions and practices in light of our federal structure and how current institutional arrangements and their possible alternatives fare according to these criteria
