Elle dont le problème fut toujours de se affirmer comme art sans en imiter aucun se trouve son tour imité mais ne doit pas pour cela laisser dissoudre ses qualités particulières.

Art as experience of the living body / L'art comme expérience du corps vivant Christine Vial Kayser, 2024-01-23 This book analyses the dynamic relationship between art and subjective consciousness following a phenomenological pragmatist and enactive approach. It brings out a new approach to the role of the body in art not as a speculative object or symbolic material but as the living source of the imaginary. It contains theoretical contributions and case studies taken from various artistic practices visual art theatre literature and music Western and Eastern the latter concerning China India and Japan. These contributions allow us to nourish the debate on embodied cognition and aesthetics using theory philosophy art history neuroscience and the authors personal experience as artists or spectators. According to the Husserlian method of reduction and pragmatist introspection they postulate that listening to bodily sensations cramps heartbeats impulsive movements eye orientation can unravel the thread of subconscious experience both active and affective that emerge in the encounter between a subject and an artwork an encounter which following John Dewey we deem to be a case study for life in general. Ce livre analyse la relation dynamique entre l'art et la conscience subjective selon une approche phénoménologique pragmatiste et enactive. Il vise faire merger une nouvelle approche du rôle du corps dans l'art non pas comme objet spéculatif ou matériau symbolique mais comme source vivante de l'imaginaire. Les contributions théoriques et les études de cas sont prises diverses pratiques artistiques arts visuels théâtre littérature et musique occidentales et orientales ces

dernières concernant la Chine l'Inde et le Japon Selon la méthode husserlienne de réduction en chose l'introspection pragmatiste les textes témoignent que la coupe des sensations corporelles crampes battements de cœur mouvements pulsionnels orientation des yeux mises en jeu par l'œuvre permet de nouer le fil de l'expérience inconsciente la fois kinesthésique et affective qui merge dans la rencontre entre un sujet et une œuvre d'art une rencontre comprise la manière de Dewey comme un cas d'école de la vie en général
