prisoners Any right will become redundant if there is no machinery for enforcement      **Judgment Without Trial** Tetsuden  
Kashima, 2011-10-17 2004 Washington State Book Award Finalist **Judgment without Trial** reveals that long before the 1941  
attack on Pearl Harbor the U S government began making plans for the eventual internment and later incarceration of the  
Japanese American population Tetsuden Kashima uses newly obtained records to trace this process back to the 1920s when a  
nascent imprisonment organization was developed to prepare for a possible war with Japan and follows it in detail through  
the war years Along with coverage of the well known incarceration camps the author discusses the less familiar and very  
different experiences of people of Japanese descent in the Justice and War Departments internment camps that held  
internees from the continental U S and from Alaska Hawaii and Latin America Utilizing extracts from diaries contemporary  
sources official communications and interviews Kashima brings an array of personalities to life on the pages of his book those  
whose unbiased assessments of America s Japanese ancestry population were discounted or ignored those whose works and  
actions were based on misinformed fears and racial animosities those who tried to remedy the inequities of the system and by  
no means least the prisoners themselves Kashima s interest in this episode began with his own unanswered questions about  
his father s wartime experiences From this very personal motivation he has produced a panoramic and detailed picture  
without rhetoric and emotionalism and supported at every step by documented fact of a government that failed to protect a  
group of people for whom it had forcibly assumed total responsibility      **Brownson's quarterly review** , 1858      **U.S.S.R.**
