Kitchin, 2018-09-06 Tom Kitchin's Fish Shellfish showcases the brilliant talents of one of the UK and Scotland's favourite chefs. Tom's passion for the best and freshest produce comes to life in these pages as he celebrates the best fruits of the sea. Recipes take in delights such as grilled lobster, poached langoustines with aioli, crab and pea soup, braised squid, risotto and Thai style oysters alongside roast turbot with seaweed hollandaise, whole lemon sole with a citrus and basil dressing, Cullen skink and salt cod fritters. There are also some recipes straight from Tom's Edinburgh gastropub, The Scran and Scallie, including their delectable fish pie and special battered fish chips. These are recipes that take you right to the shore side and the spirit of fish cookery. Beyond the recipes, there are top tips for how best to prepare this beautiful ingredient and Tom also provides a quick and easy guide to grilling, poaching, frying, curing and roasting fish. With beautiful photography to accompany each recipe, this is guaranteed to become the go-to book for lovers of fish and shellfish. **'Tales from the Tale'** Chef Philip Andriano, 2013-11-18 Each recipe is divided into steps of preparation, which is the method I'm trying to convey, and a list of ingredients required during each step. I write each recipe for two servings because if you are as bad at math as I am, it is easier to turn a recipe for two into a recipe for eight than it is to turn a recipe for eight into a recipe for two. Also, when you try out a recipe, you probably want a small audience, so I have downsized the recipes for use by the home kitchen chef. Each recipe also contains notes for each step. These should be referred to before attempting the recipe. These notes give some reason behind the directions or act as technical standpoints or safety warnings. These notes can provide the reader with enlightenment about the recipe and the method. I also want to avoid being strict in recipes. The problem with most chefs' cookbooks is that they are too technical, too egocentric and too inflexible. Most recipes are tested in large restaurant kitchens, not in the home.
