To whom it may concern,

I am pleased to write this letter of recommendation for Bertram Tamás Blik. I have had the pleasure of working with Bertram over the four months he worked as one of my counselling staff members at Camp Chief Hector YMCA. During this time, he has developed strong leadership and interpersonal skills and I can state with confidence that he is reliable, resourceful and able to manage a variety of tasks competently.

Bertram's job as a Camp Counselor included the responsibility of leading and motivating a group of 8-12 children in an outdoor education program ages 8-16. He carried out his duty of engaging the campers with incredible and consistent enthusiasm. His positive and energetic approach to all tasks was noteworthy. His job involved working as part of a team alongside other staff members, which required cooperation and collaboration.

Bertram demonstrated the ability to manage his time efficiently, communicate effectively with others and showed evidence of strong organizational skills. I would definitely recommend him for any position he has applied for. If you require any further information about Bertram please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'Peter Carson'.

The Nature of Church Camp Christopher W. Anderson, 2023-12-18 The Nature of Church Camp An Environmental History of Outdoor Ministry 1945 1980 by Christopher W. Anderson explores the mid twentieth century history of religious camps and retreat centers to provide new insights into the history of environmentalism in the United States Ecumenical Protestantism and the ecology movement both changed the calculus of American morality after World War II Through archival material case study visits and oral histories Anderson finds that these institutions often reacted to ecological critiques with temperate but gradual reforms However camps and outdoor ministries by virtue of their natural settings and sizable acreage soon provided a new way to explore the history of spirituality and ecology moving away from the conference campus and using nostalgia for the frontier instead to make arguments about the meaning of the American nation and the value of democracy This new way of thinking was reflected throughout the camps and enthusiastically endorsed decentralized small group camping By examining the conduct of church camps and conferences before during and after the ecological era Anderson shows how environmental stewardship became the dominant paradigm for Protestant environmentalism why that is a flawed and fractious model and why it has stalled
