Dear Steve,

I just want to thank you for coming to Traverse City to speak to the Martinus of Northern Michigan group once again this year.

Your talk, "Swimming Upstream", provides motivation for each of us to "be bold and show our Christianity." Your presentation reflecting on the frequent martyrdom prevalent in early Christianity, and its importance in serving as the seed of the early Church, reminds us that we too are called to be authentic Catholic witnesses living counter cultural to the morals of the post-Christian pagan society we live in today.

You are an inspiring speaker. Thank you for saying "Yes" to God's call by devoting your life to help others discover the fullness of Christianity found only in the Catholic Church and to help Catholics become better leaders in their families, careers and in society.

God Bless,

Wayne Sterenberg

Samuel P. Oliner, 1992-04-01 An enlightening and powerful exploration of those who risked their lives to help others during the Holocaust and those who did not and what we must do to ensure that such a tragedy never occurs again Why during the Holocaust did some ordinary people risk their lives and the lives of their families to help others even total strangers while others stood passively by Samuel Oliner a Holocaust survivor who has interviewed more than seven hundred European rescuers and nonrescuers provides some surprising answers in this compelling work Samuel Oliver delves into the profound acts of altruism that emerged during one of history's darkest periods Each interview provides a unique insight into the types of personalities that answer a call to action and those that do not By comparing these rescuers with bystanders he provides a nuanced understanding of what drives people to act with extraordinary compassion or to remain passive in the face of evil Offering both a historical perspective and a roadmap for a more compassionate future Altruistic Personality is not just a historical account it is a call to action and a beacon for moral education Relevant when it was first published and even more relevant today Oliver argues that by understanding and fostering the traits of altruism we can prevent future atrocities and bring out the better aspects of humanity **Losing My Religion** William C.
