Recovering From Racism:

Recovering Racists Idelette McVicker, 2022-04-12 It is a rare thing for me to stand with a book explicitly about race and equity that is written by a white person Why Because it is a rare thing to encounter a white person who has followed the lead of people of color into their own transformation so deeply that I trust the message coming from their white body Idelette McVicker has done the work Lisa Sharon Harper from the foreword As a white Afrikaner woman growing up in South Africa during apartheid Idelette McVicker was steeped in a community and a church that reinforced racism and shielded her from seeing her neighbors oppression But a series of circumstances led her to begin questioning everything she thought was true about her identity her country and her faith Recovering Racists shares McVicker s journey over thirty years and across three continents to shatter the lies of white supremacy embedded deep within her soul She helps us realize that grappling with the legacy of white supremacy and recovering from racism is lifelong work that requires both inner transformation and societal change It is for those of us who have hit rock bottom in the human story of race says McVicker We must acknowledge our internalized racism repent of our complicity and learn new ways of being human This book invites us on the long slow journey of healing the past making things right changing old stories and becoming human together As we work for the liberation of everyone we also find liberation for ourselves Each chapter ends with discussion questions
