FET Colleges South Africa. Department of Education,2007 **Open Learning as a Means of Advancing Social Justice** Tabisa Mayisela,Shanali Govender,2024-01-23 This volume investigates the uptake of open learning in South African Technical Vocational Education and Training TVET colleges and higher education institutions Comprised of 16 studies focused on activities at a range of colleges and universities across the country these chapters aim to promote a better understanding of open learning practices across the Post School Education and Training PSET sector including issues such as recognition of prior learning access for students with disabilities work integrated learning professional development novel student funding mechanisms leadership for open educational practices institutional culture student support blended and online learning flexible learning online assessment open educational resource development models and funding and micro credentials This collection of peer reviewed chapters contributes to understanding the ways in which South African PSET institutions and educators are interpreting open learning as a means of advancing social justice It includes a historical and contemporary understanding of the economic cultural and political obstacles facing PSET drawing on Nancy Fraser s theory of social justice as participatory parity to better understand the ways in which open learning may address systemic social injustices in order to allow South African students and educators to thrive This volume emerges from research conducted by the Cases on Open Learning COOL project an initiative by the Department of Higher Education and Training in partnership with the Centre for Innovation in Learning and Teaching CILT at the University of Cape Town UCT in South Africa

Shaping the Future of South Africa's Youth Helene Perold,Nico Cloete,Joy Papier,2012 Why solving ongoing problems with the NQF National Qualifications Framework matters The challenges unemployment imposes on youth The challenge of youth to work transitions an international perspective A statistical overview of further education and training colleges Strengthening the capacity of FET Colleges to meet the needs of young people Higher education and an expanded post school educational system Trends in training in South Africa Key issues in the assessment of South Africa s national skills development strategy Opening the doors of learning Viewing the post school education and training landscape from a youth perspective FCS Construction Materials L3 ,2008 *Adjusted Estimates of Provincial Expenditure* Western Cape (South Africa),2007 **Central Link Light Rail Transit Project, Seattle, Tukwila and Seatac** ,1999

Homeschooling High School Shirley Erwee,2014-08-28 Prospective homeschoolers are parents looking for an alternative to the mainstream educational system for their offspring But homeschooling children at high school level strikes fear into even the most dedicated of homeschoolers They need information and answers to their questions And with the current educational and unemployment problems in South Africa young people need clear direction and guidance to help them achieve their goals In addition to exploring the popular ways to gaining a recognised matric certificate outside the formal school system Homeschooling High School also challenges readers to rethink their values particularly the value they

place on certification and to consider some unconventional or alternative paths to success In a clearly presented format the book includes advice on legal matters identifying appropriate courses sourcing study material tips on entrepreneurship financing tertiary studies and the testimonies of successful homeschooled graduates Homeschooling High School is a comprehensive guide to plotting a path through high school and beyond AI Smart-Enabled Architecture and Infrastructure for Higher Education van Wyk, Micheal M.,2025-07-03 Artificial intelligence AI transforms the landscape of higher education creating smart enabled architecture and infrastructure that redefines how campuses operate and evolve By integrating AI technologies into the physical and digital frameworks of universities institutions can create more adaptive efficient and student centered environments From intelligent energy management systems and predictive maintenance in campus buildings to AI powered learning platforms and data driven administrative tools it enhances both operational performance and academic delivery As higher education faces growing demands for innovation sustainability and personalized experiences AI enabled architecture and infrastructure may shape future campuses AI Smart Enabled Architecture and Infrastructure for Higher Education explores the integration of intelligent technologies into higher education organizations It explores how AI and machine learning can provide tools to reduce digital divides and address issues of educational disparity through inclusion and equity This book covers topics such as education infrastructure sustainability and digital technology and is a useful resource for computer engineers business owners educators academicians researchers and scientists **On Campus** University of the Western Cape,2003 *The Educational Practices and Pathways of South African Students across Power-Marginalised Spaces* Aslam Fataar,2018-08-03 The lived experiences of students educational practices are analysed and explained in terms of the book's plea for the recognition of the multidimensionality of students as educational beings with unexplored cultural wealth and hidden capitals The book presents an argument that student lives are entangled in complex social spatial relations and processes that extend across family neighbourhood and peer associations which are largely misrecognised in educational policy and practice The book is relevant to understanding the role of policy curriculum and pedagogy in addressing the educational performance of working class youth **Approaches to Reduce Youth Poverty in Cape Town, South Africa** ,2003 **FCS construction plumbing L2** ,2007 **The Born Frees** Kimberly Burge,2015-07-27 A creative writing group unites and inspires girls of the first South African generation born free Born into post apartheid South Africa the young women of the townships around Cape Town still face daunting challenges Their families and communities have been ravaged by poverty violence sexual abuse and AIDS Yet as Kimberly Burge discovered when she set up a writing group in the township of Gugulethu the spirit of these girls outshines their circumstances Girls such as irrepressible Annasuena whose late mother was one of South Africa's most celebrated singers bubbly Sharon already career bound and shy Ntombi determined to finish high school and pursue further studies find reassurance and courage in writing Together they also find temporary escape from the travails of their lives

anxieties beyond boyfriends and futures for some of them worries that include HIV medication regimens conflicts with indifferent guardians struggles with depression Driven by a desire to claim their own voices and define themselves their writing in the group Amazw Entombi Voices of the Girls provides a lodestar for what freedom might mean **Responding to the Educational Needs of Post-school Youth** Nico Cloete, 2009 The research reflected in this volume indicates that in South Africa there are almost three million youth between the ages of 18 and 24 who are not in education training or employment a situation which points not only to a grave wastage of talent but also to the possibility of serious social disruption The authors in this work paint a picture of the enormous reservoir of human talent which exists in the country but is not provided with the means to develop Responding to the Educational Needs of Post School Youth attempts not only to sketch the scope and extent of the current post school educational crisis but also to explore possible solutions through collaboration in the higher education sector The findings reported here are a result of three distinctive but linked research components conducted by the Further Education and Training Institute University of Western Cape the Centre for Higher Education Transformation and the Southern Africa Labour and Development Research Unit University of Cape Town The research was funded by the Ford Foundation and the project conducted in consultation with the Department of Education
