**The Campus Rape Frenzy** KC Johnson, Stuart Taylor, Jr., 2018-05-22 In recent years politicians led by President Obama and prominent senators and governors have teamed with extremists on campus to portray our nation's institutions of higher learning as awash in a violent crime wave and to suggest preposterously that university leaders professors and students are indifferent to female sexual assault victims in their midst Neither of these claims has any bearing to reality But they have achieved widespread acceptance thanks in part to misleading alarms from the Obama administration and biased media coverage led by The New York Times The frenzy about campus rape has helped stimulate and has been fanned by ideologically skewed campus sexual assault policies and lawless commands issued by federal bureaucrats to force the nation's all too compliant colleges and universities essentially to presume the guilt of accused students The result has been a widespread disregard of such bedrock American principles as the presumption of innocence and the need for fair play This book uses hard facts to set the record straight It explores among other things nearly two dozen of the cases since 2010 in which students who in all likelihood would have or have subsequently been found not guilty in a court of law have in a lopsided process been hastily and carelessly branded as sex criminals and expelled or otherwise punished by their colleges often after being tarred and feathered by their fellow students And it shows why all students and eventually society as a whole are harmed when our nation's universities abandon pursuit of truth and seek instead to accommodate the passions of the mob As detailed in the new Epilogue some encouraging events have transpired since this book was first published in October 2016 A majority of the judicial rulings in dozens of lawsuits by male students claiming their schools treated them unfairly and discriminated against them based on their gender have rebuked the schools for their handling of these cases And Education Secretary Betsy DeVos called for fairness to accused students and accusers alike revoked most of the guilt presuming Obama era policies and began a protracted rule making process designed to compel procedural fairness and nondiscrimination

**Philosophy, Art, and the Imagination: Essays on the Work of John Sallis**, 2022-01-31 John Sallis has been at the cutting edge of the Continental philosophical tradition for almost half a century and it is largely due to his contributions that we have come to understand Continental as designating an original philosophical not a geographical tradition His work with its uncommon scholarly rigor has come to define the best of that tradition and to expand its horizons in creative ways through a genuine philosophical imagination The essays gathered here are dedicated to assessing Sallis' contribution and to indicating some of the ways in which his works might shape the future of philosophy

*Comparative Constitutional Law in Latin America* Rosalind Dixon, Tom Ginsburg, 2017-06-30 This book provides unique insights into the practice of democratic constitutionalism in one of the world's most legally and politically significant regions It combines contributions from leading Latin American and global scholars to provide bottom up and top down insights about the lessons to be drawn from the distinctive constitutional experiences of countries in Latin America In doing so it also draws on a rich array of legal and interdisciplinary perspectives Ultimately it shows both the promise of democratic constitutions as a vehicle for social economic and political change and the variation in the actual constitutional experiences of different countries on the ground or the limits to constitutions as a locus for broader social change **The**

**Ruse of Techne** Dimitris Vardoulakis, 2024-09-03 The Ruse of Techne offers a reappraisal of Heidegger's entire work by focusing on the forms of activity he regards as separate from instrumentality. Non-instrumental activities like authenticity, poetry, and thinking, in short, the ineffectual, are critical for Heidegger as they offer the only path to the truth of being. Throughout his work, by unearthing the source of the conception of non-instrumental action in Heidegger's reading of Aristotle, Vardoulakis elaborates how it forms part of Heidegger's response to an old problem, namely, how to account for difference after positing a single and unified being that is not amenable to change. He further demonstrates that an action without ends and effects leads to an ethics and politics rife with difficulties and contradictions that only become starker when compared to other responses to the same problem that we find in the philosophical tradition and which rely on instrumentality. Heidegger's conception of an action without ends or effect forgets the role of instrumentality in the tradition that posits a single unified being. And yet, the ineffectual has had a profound influence in how continental philosophy determines the ethical and the political since World War II. The critique of the ineffectual in Heidegger is thus effectively a critique of the conception of praxis in continental philosophy. Vardoulakis proposes that it is urgent to undo the forgetting of instrumentality if we are to conceive of a democratic politics and an ethics fit to respond to the challenges of high capitalism.

*Heidegger on Technology* Aaron James Wendland, Christopher Merwin, Christos Hadjioannou, 2018-09-13 This collection offers the first comprehensive and definitive account of Martin Heidegger's philosophy of technology. It does so through a detailed analysis of canonical texts and recently published primary sources on two crucial concepts in Heidegger's later thought: *Gelassenheit* and *Gestell*. *Gelassenheit* translated as releasement and *Gestell* often translated as enframing, stand as opposing ideas in Heidegger's work whereby the meditative thinking of *Gelassenheit* counters the dangers of our technological framing of the world in *Gestell*. After opening with a scholarly overview of Heidegger's philosophy of technology as a whole, this volume focuses on important Heideggerian critiques of science, technology, and modern industrialized society, as well as Heidegger's belief that transformations in our thought processes enable us to resist the restrictive domain of modern techno-scientific practice. Key themes discussed in this collection include the history, development, and defining features of modern technology; the relationship between scientific theories and their technological instantiations; the nature of human agency and the essence of education in the age of technology; and the ethical, political, and environmental impact of our current techno-scientific customs. This volume also addresses the connection between Heidegger's critique of technology and his involvement with the Nazis. Finally, and with contributions from a number of renowned Heidegger scholars, the original essays in this collection will be of great interest to students of Philosophy, Technology Studies, the History of Science, Critical Theory, Environmental Studies, Education, Sociology, and Political Theory.

**The Law's Ultimate Frontier: Towards an Ecological Jurisprudence** Horatia Muir Watt, 2023-05-18 This important book offers an ambitious and interdisciplinary vision of how private international law or the conflict of laws might serve as a heuristic for reworking our general understandings of legality in directions that respond to ever deepening global ecological crises Unusual in legal scholarship the author borrows in bricolage mode from the work of Bruno Latour alongside indigenous cosmologies extinction theories and Levinassian phenomenology to demonstrate why this field's specific frontier location at the outpost of the law where it is viewed from the outside as obscure and from the inside as a self-contained normative world generates its potential power to transform law generally and globally Combining pragmatic and pluralist theory with an excavation of shadow ecological dimensions of law the author a recognised authority within the field as conventionally understood offers a truly global view Put simply it is a generational magnum opus All international and transnational lawyers be they in the private or public field should read this book

Kafka and the Universal Arthur Cools, Vivian Liska, 2016-07-25 Kafka's work has been attributed a universal significance and is often regarded as the ultimate witness of the human condition in the twentieth century Yet his work is also considered paradigmatic for the expression of the singular that cannot be subsumed under any generalization This paradox engenders questions not only concerning the meaning of the universal as it manifests itself in and is transformed by Kafka's writings but also about the expression of the singular in literary fiction as it challenges the opposition between the universal and the singular The contributions in this volume approach these questions from a variety of perspectives They are structured according to the following issues ambiguity as a tool of deconstructing the pre-established philosophical meanings of the universal the concept of the law as a major symbol for the universal meaning of Kafka's writings the presence of animals in Kafka's texts the modernist mode of writing as challenge of philosophical concepts of the universal and the meaning and relevance of the universal in contemporary Kafka reception This volume examines central aspects of the interplay between philosophy and literature

*Between Philosophy and Cultural Psychology* Robert E. Innis, 2020-09-24 This Brief provides an in-depth discussion of five major points of intersection between philosophy and cultural psychology The first chapter frames central analytical and normative threads foregrounding the focal notion of thresholds of sense The second chapter explores the nature of contexts situations and backgrounds of meaning making following the lead of John Dewey Ben-Ami Scharfstein and Gernot Böhme Chapter three examines the complementary analytical power of the semiotic resources developed in the work of Peirce Bühler and Cassirer Chapter four shows the heuristic fertility and psychological bearing of Susanne Langer's feeling-based aesthetic model of minding The final chapter establishes affectivation as the inescapable consequence of human beings giving life to themselves by giving life to signs The Brief concludes with three commentaries from leading researchers in the area The chapters weave together interlocking themes the nature of embodied perception the variety of contexts and semiotic

frameworks and their schematization of thresholds of meaning making the role of art and theories of imagination both in cultural psychology and in philosophy and the centrality of feeling in all forms of meaning making *Between Philosophy and Cultural Psychology* will be of interest to cognitive and cultural psychologists as well as researchers and upper graduate students in philosophy and related psychology fields

**Paul Ricœur, Philosophical Hermeneutics, and the Question of Revelation** Christina M. Gschwandtner, 2024-01-08 The topic of revelation is fundamental to any account of religious experience playing a special role in the Judeo Christian tradition where the texts of Scripture are regarded as revealed Yet any reflection on the revealed status of a given message or text requires interpretation Paul Ricœur one of the most important hermeneutic philosophers of the twentieth century provides crucial insights on how such interpretation might proceed and what it might mean for texts to be revealed Edited by Christina M Gschwandtner Paul Ricoeur Philosophical Hermeneutics and the Question of Revelation brings together major scholars of Ricœur's work on the topic of revelation showing both the role it already plays in his work and how his thinking might be taken further Several contributors trace the development of his thought in regard to the concept of revelation Others discuss the revelatory dimensions of Ricœur's hermeneutics of the self especially for such issues as identity trauma and forgiveness Several contributions also place his work in conversation with that of other seminal thinkers on the topic of revelation such as Karl Barth and Paul Tillich

*Heidegger and Kabbalah* Elliot R. Wolfson, 2019-10-01 While many scholars have noted Martin Heidegger's indebtedness to Christian mystical sources as well as his affinity with Taoism and Buddhism Elliot R Wolfson expands connections between Heidegger's thought and kabbalistic material By arguing that the Jewish esoteric tradition impacted Heidegger Wolfson presents an alternative way of understanding the history of Western philosophy Wolfson's comparison between Heidegger and kabbalah sheds light on key concepts such as hermeneutics temporality language and being and nothingness while yielding surprising reflections on their common philosophical ground Given Heidegger's involvement with National Socialism and his use of antisemitic language these innovative readings are all the more remarkable for their juxtaposition of incongruent fields of discourse Wolfson's entanglement with Heidegger and kabbalah not only enhances understandings of both but more profoundly serves as an ethical corrective to their respective ethnocentrism and essentialism Wolfson masterfully illustrates the redemptive capacity

of thought to illuminate common ground in seemingly disparate philosophical traditions

**Wounded Images** Kristine M. Whaley, 2024-03-27 This volume works through deconstructing traditional models of the imago Dei in search of a more inclusive understanding of the doctrine one that allows for literature to bring important questions to bear Brief analyses of Karl Barth and Paul Tillich and then growing dissatisfaction with the two in various liberation theologies brings to light the problems of a perfected image of God An exploration of four novels by Jean Rhys between 1928 and 1939 then follows the footsteps of Katie Cannon and others who include literature in their theological work The Rhys novels follow tragic stories of women who are wounded both by others and by their own inability to see themselves as worthy Through the questions these women ask about themselves and God the reconstruction of the imago Dei is set up This reconstruction centers trauma wounds and a non contrastive transcendence that Kathryn Tanner defines Ultimately it is not in how we are perfect but rather through our risks our wounds and even our grief that we connect to God
