sky and wondered if we are alone in the universe The Tail Wags the Dog Efraim Karsh, 2015-08-11 The continuing crisis in Syria has raised questions over the common perception of Middle Eastern affairs as an offshoot of global power politics To Western intellectuals foreign policy experts and politicians empire and imperialism are categories that apply exclusively to Europe and more recently to the United States of America As they see it Middle Eastern history is the product of its unhappy interaction with these powers Forming the basis of President Obama s much ballyhooed new beginning between the United States and Muslims around the world this outlook is continuing to shape crucial foreign policy among Western governments but in these pages Efraim Karsh propounds a radically different interpretation of Middle Eastern experience He argues that the Western view of Muslims and Arabs as hapless victims is absurd On the contrary modern Middle Eastern history has been the culmination of long existing indigenous trends Great power influences however potent have played a secondary role constituting neither the primary force behind the region s political development nor the main cause of its notorious volatility Karsh argues it is only when Middle Eastern people disown their victimization mentality and take responsibility for their actions and their Western champions drop their condescending approach to Arabs and Muslims that the region can at long last look forward to a real spring **The holy Bible, authorized version, with explanatory notes by T. Scott** Thomas Scott, 1830 Micah Bob Becking, 2023-06-27 A new translation and commentary on the biblical book of Micah that

proposes a convincing new theory of its composition history While the biblical book of Micah is most famous for its images of peace swords forged into to plowshares spears turned into pruning hooks and its passages of prophetic hope the book is largely composed of prophecies of ruin The historical Micah who likely lived in the late eighth century BCE is the first recorded prophet to predict the fateful fall of Jerusalem and he also foretells the destruction of the regions of Samaria and Judah in addition to the more well known promises of Judah s eventual restoration Bob Becking translates the Hebrew text anew and illuminates the book s most important elements including its literary features political context and composition history Drawing on ancient Near Eastern comparative evidence archaeological notes and inscriptions Becking surveys the debates surrounding the book s interpretation and argues that it be regarded as three separate source texts the early first chapter a large middle section containing a proto apocalyptic alternating prophetic futurology collected and molded by a later redactor and an added section advocating for legal reform under Josiah
