Reading Postcolonial Literature Hayley G. Toth, 2025-03-10 An Open Access edition is available thanks to the kind sponsorship of the libraries participating in the Jisc Open Access Community Framework OpenUP initiative Debates about reading in postcolonial studies rarely discuss non professional readers except to secure the authority of professional reading practices In Reading Postcolonial Literature Hayley G Toth places non professional reading practices in dialogue with received academic wisdom to debunk common sense assumptions about non professional readers as Western or neocolonial consumers Drawing on reading practices recorded in academic books journal articles and on online book reviewing platforms like Amazon and Goodreads Toth draws attention to important continuities between professional and non professional practices of reading postcolonial literature At the same time she highlights that non professionals often have little desire to emulate the practices of professional postcolonial critics Precisely by not adopting the established protocols and methods of postcolonial studies non professional readers call attention to the limits of dominant approaches to reading in the discipline Across four chapters Toth examines the relationship between reading and identity during the Rushdie affair the difference between reading and address the challenges posed by difficult texts and the legitimacy of non understanding and the reception of popular texts primarily read by non professional audiences Reading Postcolonial Literature demonstrates that reception matters in any claims we make about the value of reading postcolonial literature and offers new ways forward for the practice study and teaching of reading in the discipline **Bringing Forth the Bard** Zoe Enser, 2022-05-06 Foreword by Professor Emma Smith The more you explore the plays of Shakespeare the more you realise how they are an interrelated network of ideas and themes linked to his context his audience and his understanding of the world In Bringing Forth the Bard Zoe Enser equips busy teachers with the core knowledge that will enable them to make links between the themes characters language and allusions in Shakespeare's oeuvre Each chapter includes tips on how to bring his plays to life in the classroom and features case studies from practising teachers in a range of contexts to illustrate how they can ensure that their students develop an appreciation of his work moving beyond the requirements of exams and empowering them to engage in the discussion around his influence and enduring appeal Underpinned by the author's academic enquiries on the subject at both undergraduate and master's level the book enables teachers to access the information they need in order to enrich their teaching beyond a single play and begin to unpick the threads of Shakespeare's work as a whole The link between subject knowledge and pedagogical approaches runs throughout the book focusing on the Shakespeare plays most popularly taught in the classroom and how we can enrich students understanding of these by looking both at the links across the domain and the bigger picture his work presents Zoe builds a detailed schema of Shakespeare's work his world his ideas and his influences and offers signposts to further reading and provides an appendix which will support teachers to rapidly find references to the plays they are teaching and the ideas related to them Suitable for teachers of English in all phases
