Jill Adler, Anna Sfard

Nov 2013 Gr 11 Dbe Exam:

Research for Educational Change Jill Adler, Anna Sfard, 2016-06-17 *Research for Educational Change* presents ways in which educational research can fulfil its commitments to educational practice Focussing its discussion within the context of mathematics education it argues that while research generated insights can have beneficial effects on learning and teaching the question of how these effects are to be generated and sustained is far from evident The question of how to turn research into educational improvement is discussed here in the context of learning and teaching hindered by poverty and social injustice In the first part of the book four teams of researchers use different methodologies while analysing the same corpus of data collected in a South African mathematics classroom In the second part each of these teams makes a specific proposal about what can be done and how so that its research generated insights have a tangible beneficial impact on what is happening in mathematical classrooms Combining two discourses that of researchers speaking to one another and that of researchers communicating their insights to those responsible for educational practice the book deals with the perennial question of communication between those who study educational processes and those who are directly responsible for teacher education educational research and classroom practices This book will be key reading for postgraduates researchers and academics in education and particularly in the areas of mathematics education education research teacher education and classroom practice It will also appeal to teacher educators practitioners and undergraduate students interested in educational research

Language and Sustainable Development Lisa J. McEntee-Atalianis, Humphrey Tonkin, 2023-03-03 This book addresses the importance of language in matters of sustainability and incorporating such concerns in implementing the UN's Sustainable Development Goals (SDGs) Sustainable language policy must aim to include all groups including language minorities and marginalized populations such as refugees and aid recipients in conditions that allow for their inclusion in making and implementing policy The book brings together nine studies covering such topics as language and digital resources sustainable and inclusive multilingual education national language policy and language in peacekeeping operations A final chapter addresses the crucial intersection between sociolinguistics and economics and the implications of this for development and the SDGs
