**Beastly Questions** Naomi Sykes, 2014-08-28 Zooarchaeology or the study of ancient animals is a frequently side lined subject in archaeology This is bizarre given that the archaeological record is composed largely of debris from human animal relationships be they in the form of animal bones individual artifacts or entire landscapes and that many disciplines including anthropology sociology and geography recognise human animal interactions as a key source of information for understanding cultural ideology By integrating knowledge from archaeological remains with evidence from texts iconography social anthropology and cultural geography **Beastly Questions** Animal Answers to Archaeological Issues seeks to encourage archaeological students

researchers and those working in the commercial sector to offer more engaging interpretations of the evidence at their disposal. Going beyond the simple confines of what people ate, this accessible but in-depth study covers a variety of high-profile topics in European archaeology and provides novel interpretations of mainstream archaeological questions. This includes cultural responses to wild animals, the domestication of animals and its implications on human daily practice, experience and ideology, the transportation of species and the value of incorporating animals into landscape research, the importance of the study of foodways for understanding past societies and how animal studies can help us to comprehend issues of human identity and ideology past, present and future.

**Exploring Human Behavior Through Isotope Analysis** Melanie M. Beasley, Andrew D. Somerville, 2023-06-23. This edited volume compiles a series of chapters written by experts of isotopic analysis in order to highlight the utility of various isotope systems in the reconstruction of past human behaviors. Rather than grouping contributions by specific isotopes or analytical techniques, as many isotope review articles are arranged, the volume organizes chapters by broadly defined themes of archaeological research. These include paleodiet and life histories, human

animal interactions and migration and mobility In this sense the book is arranged with the intent of being as much question based as method based Chapters under these themes provide background information on the principles of the techniques and on the theoretical underpinnings of the research yet they are written with the non specialist in mind and attempt to convey these ideas clearly and succinctly In addition to the case studies and reviews three chapters provide greater context to the field of isotopic archaeology discussing its history basic principles and future potential The volume aims to serve as a reference source for students and practicing archaeologists seeking to apply isotopic studies to their own research projects or to act as a reader for courses in archaeological science Chapter 6 is available open access under a Creative Commons Attribution 4.0 International License via [link.springer.com](https://link.springer.com)

### **Environmental Practice and Early American Literature**

Michael Ziser, 2013-07-29 This original and provocative study tells the story of American literary history from the perspective of its environmental context Weaving together close readings of early American texts with ecological histories of tobacco potatoes apples and honey bees Michael Ziser presents a method for literary criticism that explodes the conceptual distinction between the civilized and natural world Beginning with the English exploration of Virginia in the sixteenth century Ziser argues that the settlement of the New World and the cultivation and exploitation of its bounty dramatically altered how writers used language to describe the phenomena they encountered on the frontier Examining the work of Harriet Grainger Cooper Thoreau and others Ziser reveals how these authors whether consciously or not transcribed the vibrant ecology of North America and the ways that the environment helped codify a uniquely American literary aesthetic of lasting importance
