**Pastor Chris Oyakhilome S:**

He Is More Than Just a God Ramovha Khathutshelo, 2013-06 This book not only encourages you to become to be a Christian but it encourages you to encourage others about the power and second coming of Christ It boosts your faith and tells you who Jesus Christ really is      Sensational Piety Murtala Ibrahim, 2022-08-11 Grounded in anthropological comparison and the concept of materiality this book offers an in depth ethnographic study of the similarities and differences among various forms of religious practices in a Pentecostal Church Christ Embassy and an Islamic group NASFAT in the Nigerian capital of Abuja Scholarship in this area tends to focus on inter religious contestations and conflicts however this book proposes that another dynamic is unfolding between Christians and Muslims that is characterised by conviviality interfaith joint action programmes mutual influences and even the exchange of religious forms The comparative approach reveals that notwithstanding the seemingly opposed worldviews and divergences between Muslims and Christians they all face similar challenges and apply similar techniques for meeting the challenges posed by the precarious Nigerian urban environment It is through practices especially those conducted in semi public settings that people from different religious persuasions define encroach on and feel the weight of each other s presence      DID WE CREATE GOD? JOACHIM ONYEAKOR, 2012 The author believes that the religious arena has turned into a market place hence anyone can buy God and religious institutions can also canvass for membership to increase their sales He expresses his dismay at most religions of the world and their levels of hypocrisy particularly within the Pentecostal Christian community that is fragmenting into untold numbers and has turned into a tool of fraud and deceit selling God selling salvation selling false dreams and false hopes deploying stage managed miracles as catch tools and also as tools of mind slavery He is not comfortable with suicide bombers within the Islamic community who erroneously claim that such extreme level of ugliness will lead them into heaven He says that the ways religious institutions are conducting themselves lately we no longer know who created who whether God created Man or Man created him for a purpose According to the Christian Bible Christ did say do unto others as you will have them do unto you love one another hence the Author begs to know whether others and one another according to Christ mean all races and religious faiths since those golden rules are not being applied by those who told us about Christ In the name of Capitalism and Materialism Man has almost turned into a base animal hence making this earth look like a jungle where no rules apply and where conscience and love no more have a place We live in times when Man create diseases and create their cures The author believes that since most people especially Africans believe in the Bible information and Bible stories and the Bible has it that the Pharaohs of Africa did enslave the Israelites in the past then colonialism and slavery may be human nature and a form of revenge which one must also strive to resist Colonialism seems to be a form of ugliness just like Apartheid forceful dominance slavery and other forms of Man s oppressions and inhumanity against fellow Man which happens from time to time in human history which humanity must also fight to outlive The author disagrees with the notion

that God chooses some people to rule over others hence he believes that people choose themselves According to the Christian Bible Christ did say to his disciples that greater things shall they do in his name hence it is time that the so called Christian anointed men of God who are performing miracles only on church stages also walk on water for all to see Unfortunately the continent of Africa where it is said that civilization began has more churches than factories yet the continent has failed to develop

**Negotiating Conviviality** Hay, Paula L.,2014-06-13 This book is an ethnographic study of a group of migrants in Cape Town from Malawi Zimbabwe and South Africa It seeks to understand how migrants overcome structural exclusion by forming and maintaining convivial relationships through the Bay Community Church and how this is facilitated by Information and Communication Technologies ICTs The book argues that ICTs are implicated in the negotiation of conviviality ICTs allow for a negotiation of intimacy and distance although their functions may facilitate more contact than is desired or further distance those already separated physically This book interrogates the strict division between insiders and outsiders and highlights that migrants are able to sustain multiple networks and relationships linking their home and host countries Despite increasingly strict border control and animosity from host communities migrants are able to overcome imposed identities such as outsider They do so by using ICTs such as cell phones and Facebook to emphasise their Christian identity which is one of the main factors for inclusion in church based networks Membership with a mixed denominational church such as the Bay further challenges the notion that migrants stick to themselves Inclusive communities such as the Bay and everyday desires for conviviality evoke the need to reconsider policies too narrowly articulated around the dichotomisation of foreigners and nationals home and away us and them

**Relish the Splendor of His Glory** Princess Adenike Akorede,2013-12-27 Revelation is a product of divine visitation and inspiration which eventually transforms and humbles us in His presence Do you yearn for a change in your life Are you tired of life of shame rejection depression dejection lack want and going round in circle You need a touch of God you need Gods divine visitation Realizing that you can not be divinely inspired out of your education or your degrees it can only be by His grace Therefore from divine inspiration comes the revelation of His Word which results into transformation I believe that we can not receive anything unless it is given to us by the Almighty God the Creator of the universe This book is however written to avail people of the importance of accessing divine revelation of the Word of God to DISCOVER GODS GLORIOUS PLAN FOR THEIR LIFE LIVE IT WALK IT AND ACTUALIZE IT It is a divinely inspired book with divine instructions to walk in the light of God to fulfill our destiny God has a plan and purpose for all His children His plan is in their destiny and their destiny lies in their future However as Gods chosen vessels we need to be under His influence be filled with His wine come under the intoxicating effect of the Word of God and live under its influence The wine of the Word brings you under the supernatural influence of the Word in your daily life You become conscious of your status in life with a paradigm shift from your old to your new self You become unstoppable filled with the power to decide the happenings in your life You are in command just like Jesus Christ the Commander in Chief

of the universe Himself Read Under the Influence to be divinely guided and inspired Read the Bible to be wise Believe it to be safe Practice it to be holy Let it fill your memory rule your heart and guide your feet As you read this book be ready to go far beyond and above for you are now sitted with Christ in heavenly places Amen     *The News* ,2008     *Affective Trajectories* Hansjörg Dilger,Astrid Bochow,Marian Burchardt,Matthew Wilhelm-Solomon,2020-02-28 The contributors to *Affective Trajectories* examine the mutual and highly complex entwinements between religion and affect in urban Africa in the early twenty first century tracing the myriad ways religious ideas practices and materialities interact with affect to configure life in urban African spaces     Powerful Devices Abimbola Adunni Adelakun,2022-10-14 *Powerful Devices* studies spiritual warfare performances as an apparatus for disestablishing structures of power and knowledge and establishing righteousness in their stead Drawing on performance studies emphasis on radicality and breaking of social norms as devices of social transformation the book demonstrates how Christian groups with dominant cultural power but who perceive themselves as embattled wield the ideas of performance activism Combining religious studies with ethnography *Powerful Devices* explores Nigerian Pentecostals and US Evangelicals praxis of transnational spiritual warfare By closely studying spiritual warfare prayers as a device *Powerful Devices* shows how the rituals of prayer enable an apprehension of time paradigms of self enhancement and the subversion of politics and authority A critical intervention *Powerful Devices* explores charismatic Christianity s relationship to science and secular authority technology and temporality neoliberalism and reactionary ideology     *Fake News Is Bad News* Ján Višňovský,Jana Radošinská,2021-09-08 We live in the era of the digital revolution characterized by easy access to obtaining processing and disseminating information on a global scale The emergence of these global digital spaces has transformed the world of communication This shift in our understanding of what we should be informed about when and how manifests itself not only within mature liberal democracies which grant their citizens and the media constitutionally guaranteed freedom of speech and rights associated with obtaining information but also within developing countries with different types of political establishments Moreover many media producers especially journalists and persons claiming to be journalists abuse their crucial mission and instead foster a set of serious communication phenomena that threaten basic human rights and freedoms weaken them or decelerate their development The publication is focused on the ways fake news disinformation misinformation and hateful statements are spread across society predominantly within the online environment Its main ambition is to offer an interdisciplinary body of scholarly knowledge on fake news disinformation and propaganda in relation to today s journalism social development political situation and cultural affairs happening all around the world     *The Invasion of the Funky Pastors* Harry N. Agina,2010 When I left Nigeria as a boy for the USA in search of the proverbial greener pastures there was Christianity and there was the African Culture in Nigeria both of which I had grown up in Christianity fed me with the word of God while my African Culture made me desirably and proudly different from a white man an Indian Mexican or Asian That was many years ago in the mid1900s

Today when I visit my little remote African village to enjoy some of the cultural values that I have missed so much while in the western world my brethren in the village tell me that the culture is no more. Indeed the entire Christian community of Nigeria seems to be heading towards the notion that the African Culture is suddenly out of fashion. The people's excuse is that they have seen the light in their new wave Christianity. Some traditionalists are not taking the culture abuse lying down and with their fire for fire response to the Christian zealots there is truly a war of cultures in Nigeria. I am right in the middle of it and this is my story. I must prepare my reader's mind for my general hardnosed criticism of Nigerian Commercial Church. In this story I lament that too many Christians are willfully making mischief and a whole lot of money all in the name of God. I am a devout Christian and would never advertently say one bad word against Christianity or any religion for that matter. My grouse is with the growing number of mischievous funky pastors, their zombie-like followers, their gross misinterpretation of the Holy Bible and the war that they have declared against the African Culture. One might even say that my criticism is venomous but I call it brutally frank or frankly brutal.

### **The Routledge Handbook of Ethnicity and Race in**

**Communication** Bernadette Marie Calafell, Shinsuke Eguchi, 2023-10-03. **THE POWER TO RECREATE YOUR WORLD**, 2025-08-27. The power to recreate your world rests within you, not with God. God has already done everything necessary for us to live in continuous victory. Yet many people around the world still struggle to understand how to bring real change into their lives. Every believer in Christ has the power and authority to make dynamic changes. The true force of our thoughts and words, however, remains a mystery to most. There is a divine energy behind understanding what our thoughts and words truly mean and how they shape our lives. Throughout my study of this subject I have explored both secular and biblical perspectives. The Bible, however, reveals the clearest truth: our thoughts and words are powerful forces. They can either create success or invite failure. Whatever dominates your mind and lips will eventually manifest in your life. This book will help you understand that your words and thoughts are creative forces. Consider how many

of your thoughts are negative creating problems you don't want And how many are positive attracting blessings and favor Often we use this power against ourselves without realizing it      Global Development of Religious Tourism Alaverdov, Emilia, Bari, Muhammad Waseem, 2020-10-30 Modern religious tourism is a main segment of the tourism business The main goal of religious tourism is aimed at developing human spirituality spiritual healing and culture where a person receives the experience of cooperation or involvement with the place in which he resides his people culture and religion This type of tourism is able to play a significant role in the overall goals of society and to promote the establishment of trusting relationships between people of all cultures and religions Global Development of Religious Tourism is a crucial reference book that contains research on the current religious situation as well as the tourism industry and provides insights on their joint development It is not possible to study any religious field without understanding the religion itself and its impact on any country's political and social system Therefore the work also examines the impact of religion and tourism on economic and social developments across the world Highlighting topics that include sanctuary cities religious tourism management and religious tourism in regions that span Europe Africa the Middle East and more this book is targeted to managers executives planners and other professionals in the tourism and hospitality industry government officials religious leaders and researchers academicians and students working in the fields of tourism management business management information and communication sciences administrative sciences and management education and social and political sciences      Public Righteousness Abimbola A. Adelakun, 2023-05-25 Public Righteousness The Performative Ethics of Human Flourishing is driven by the idea that part of what manifests as a disorderly display of virtue in public culture is underlined by the desire to see a more righteous society and an expression of the will to enact such an ideal world into reality This book restructures the ferment of such public displays and fashions an ethic that overturns the ostentatious signals of self-righteousness and the fierce contest of animating visions This book engages the work of social ethicist Nimi Wariboko to explore an idea of public righteousness In place of smug superiority and phony pieties the performative ethics that inaugurate this public righteousness offer an intellectual and moral competence that establishes rectitude and culminates in human flourishing

Pentecostalism and Cultism in South Africa Mookgo Solomon Kgatle, 2021-02-28 Pentecostalism is a growing movement in world Christianity However the growth of Pentecostalism in South Africa has faced some challenges including the abuse of religion by some prophets This book first names these prophets and the churches they lead in South Africa and then makes use of literary and media analysis to analyse the religious practices by the prophets in relation to cultism Additionally the book analyses the celebrity cult and how it helps promote the prophets in South Africa The purpose of this book is threefold First to draw parallels between the abuse of religion and cultism Second to illustrate that it is cultic tendencies including the celebrity cult that has given rise to many prophets in South Africa Last to showcase that the challenge for many of these prophets is that the Pentecostal tradition is actually anti cultism and thus there is a need for them to rethink their cultic

**The Use and Abuse of the Spirit in Pentecostalism** Mookgo S. Kgatle, Allan H. Anderson, 2020-11-29 This book is a pneumatological reflection on the use and abuse of the Spirit in light of the abuse of religion within South African Pentecostalism Both emerging and well established scholars of South African Pentecostalism are brought together to reflect on pneumatology from various approaches which includes among others historical biblical migration commercialisation of religion discernment of spirits and human flourishing From a broader understanding of the function of the Holy Spirit in different streams of Pentecostalism the argument is that this function has changed with the emergence of the new Prophetic churches in South Africa This is a fascinating insight into one of the major emerging worldwide religious movements As such it will be of great interest to academics in Pentecostal Studies Christian Studies Theology and Religious Studies as well as African Studies and the Sociology of Religion
