Patient Information Guide:

The Complete MRCGP Study Guide, 4th Edition Sarah Gear, 2022-02-16 This new edition of the MRCGP Study Guide has been purposely revised and updated to comprehensively cover every aspect of the membership examination of the Royal College of General Practitioners It takes you through all the main medical topics fundamental to general practice all relevant non clinical areas and then finally tests you with an AKT and CSA style examination All the information you need in one place This guide can be used as a source of reference and for revising to ensure you are perfectly prepared It saves you the colossal amount of time you would otherwise need to cover the same ground **A Guide to the NHS** Tony

White, 2018-05-08 To maximise the effectiveness of their work NHS employees need a clear understanding of the structures and systems of the organisation in which they work However this information can be widely spread hard to access and difficult to gain a working overview of and the pace of changes and initiatives can seem almost dizzying This book draws together a clear picture of the modern NHS from funding and governance to reports inquiries and overarching legislation The book is clear and easy to understand and crucially includes full references to provide a one stop point of access to the most detailed and up to date information available This book is essential reading for workers in the NHS at all levels including managers administrators and clinical professionals It is vital reading for managers and staff at commercial companies working with the NHS It will also be of interest to campaigners patient interest groups researchers and journalists with an interest in the NHS Specialty registrars and consultants can also find the information from the book and much more in The Doctor's Handbook Parts 1 2 by the same author Rather than long narrative histories or complex explanations the author signposts readers to sources of further information making this book the quick guide so many of us need from the Foreword by Sir Ian Carruthers *The Complete MRCGP Study Guide* Sarah Gear, 2006 This greatly expanded revised and updated guide comprehensively covers every aspect of the new format membership examination of the Royal College of General Practitioners Its new format includes current treatment issues and the latest research and is divided into three parts covering main medical topics non clinical areas and ambiguous topics and exam questions for the registrar year Concise and easy to read covering a wide range of skills and approaches that are used daily by general practitioners it will serve well as a useful resource for personal and professional development This is **A Dentist's Guide to the Law**

American Dental Association, 2021-03-18 This resource addresses the wide array of new and longstanding legal issues relevant to dental practices in a user friendly format with additional related references and resources in each chapter With sample contracts checklists and other helpful supplementary materials Includes e book access [A Medic's Guide to Essential Legal Matters](#) Jane Sturgess, Derek Duane, Rebekah Ley, 2018-11-01 A Medic's Guide to Essential Legal Matters offers practitioners highly practical advice on the legal principles which they need to apply to everyday clinical practice Thirteen chapters cover key areas of medical law from the structure of the legal system confidentiality mental health capacity

through to current legal practices Each chapter is written in an easy to digest format with helpful summary boxes covering key legal terms laws and statutes and key point boxes highlighting important take home facts An alphabetical glossary of legal terms at the end of the book offers a rapid reference that supports every chapter A Medic s Guide to Essential Legal Matters has been carefully crafted to be concise yet informative and practical covering the key aspects of this daunting subject Written by a team of doctors and legal practitioners in the field of medical law this resource offers you the expertise and experience needed to get to grips with medical law A Medic s Guide to Essential Legal Matters includes access to online only content consisting of 65 multiple choice questions and answers that can be used to reinforce understanding along with further reading sources to supplement and explore topics of interest You can access and use this online material by activating your unique access code

The Doctor's Handbook Tony White, 2018-04-19 Many doctors do not receive training early in their careers on the broad range of non clinical aspects of their work and confront day to day issues for which initial medical education has failed to prepare them Experienced doctors and consultants can also experience a similar lack of accessible reference material on these aspects of their role and for the non clinical training of their juniors This book and its companion volume *The Doctor s Handbook Part 1 managing your role beyond clinical medicine* have been written to address these and other needs Previously published as *The Specialist Registrar and New Consultant Handbook* these completely revised and reconfigured volumes reflect the changing everyday work of specialist trainees registrars and consultants Topics covered in Volume 2 include

The Specialist Registrar Handbook John Gatrell, Tony White, 2001 This edition will support the professional and personal development of every doctor involved in training
