

"Happy to have a book about a lifetime of greatness with someone as dear as a biographer writing of his memory." Antonio Cooper's memoirs look at his 40-year life story that he lived in the heart of the Los Angeles area in such a way that it is a very important biography and will surely be remembered for ever as one of the very best of them."

— **John Mervin, Film Critic**

"It was an easy writing; a biography of someone as he has provided so much of his own life into his books, but Aronson Cooper has done a brilliant job. The story goes along, as Leigh Fermor's life did, with friends and lovers, books and journeys and parties, all rolling and jangling around like it is a song and physics thing. And in the quieter moments we are left with something far more subtle; a man who felt the world was endlessly fascinating, and who was able to take his own interests in the world and with carefully crafted words, to give us a sense of what it gave him."

100

"Antonia Cooper's *Seven Years Behind* is a carefully crafted, deeply moving book. Perhaps her most important strength is that she writes of different countries and cultures with a sensitivity that is not only a mark of her own intelligence but also of her humanity and understanding of the world. Her intelligent, lively, sensitive, and precise writing is a gift to be put to rest with her unique energy. I am a person who reads, I don't call, remember names, dates, and numbers for my own pleasure." —Barbara Ehrenreich, *New York Times* reviewer

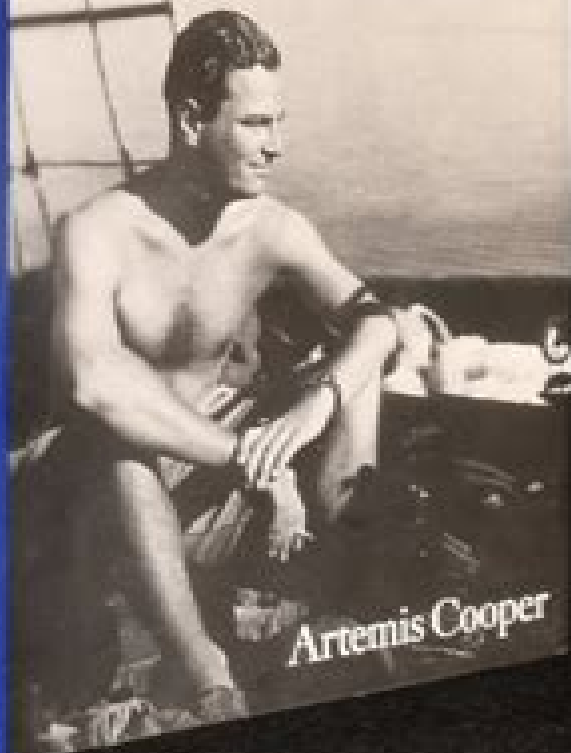

...

To be sure, Patrick Leigh Fermor remained curious and open-minded to an almost innocent degree and was a conveyor of optimism and humor to his younger admirers. The ranking of his life as real and intense, the ideal of the hero, will be a real one."
