**Patronage as Politics in South Asia** Anastasia Piliavsky, 2014-10-16 Western policymakers political activists and academics alike see patronage as the chief enemy of open democratic societies Patronage for them is a corrupting force a hallmark of failed and failing states and the obverse of everything that good modern governance ought to be South Asia poses a frontal challenge for this consensus Here the world's most populous pluralist and animated democracy is also a hotbed of corruption with persistently startling levels of inequality Patronage as Politics in South Asia confronts this paradox with calm erudition sixteen essays by anthropologists historians and political scientists show from a wide range of cultural and historical angles that in South Asia patronage is no feudal residue or retrograde political pressure but a political form vital in its own right This volume suggests that patronage is no foe to South Asia's burgeoning democratic cultures but may in fact be their main driving force

Patronage as the Politics of South Asia Anastasia Piliavsky, 2014 Focuses on the persistent norms of conduct and communication forms of economic and ritual exchange and mutual expectations which distinguish patronage patterns in South Asian countries from those observed anywhere else

Politics of Socio-Spatial Transformation in Pakistan Asad Rehman, 2023-09-20 Politics of Socio Spatial Transformation in Pakistan analyses the relationship between socio spatial transformation styles of leadership and nature of constituents in Pakistan It examines the way social change influences politics and leadership in its most populated province Offering a unique viewpoint to study the relationship between politics and social change by examining the nature of relationship between leaders and their constituents the author introduces the concept of Gradients of Engagements The book describes the way values of engagement Talluq and styles of leadership mediate engagements among politicians citizens and state bureaucracy in villages and small towns of Pakistani Punjab Starting with the mapping of socio economic and spatio demographic non metropolitan locales the book illustrates the centrality of the processes of rurbanization and governmentalization It points out how political leaders mediate these processes personal and public demands of their constituents invoking claims or representativeness and public service The author breaks engagements between leaders and constituents into four gradients of representation elections public service delivery development everyday problem solving governance and collective action thus providing a contextualized and grounded comprehension of the process democratization and its substantive and performative aspects In addition to providing a historical sketch of economic development evolution of social organization and development of political institutions in Punjab the book includes an ethnography of political elites and study of everyday political engagements to show how the styles of leadership mediate the process of institutional development and public service delivery in rurban Punjab A novel contribution to the study of political processes such as state formation collective action representation and citizenship in a comparative manner embedded in space and informed by cultural meanings the book will be of interest to researchers studying South Asian Pakistan and Punjab Sikh studies Development Studies and

Urban Studies      **The Oxford Handbook of Caste** Surinder S. Jodhka, Jules Naudet, 2023 The Oxford Handbook of Caste brings together a wide range of essays encompassing various academic disciplines to lay the foundations for a new understanding of caste capturing emerging research trends imaginations and the lived realities of caste      Vernacular Politics in Northeast India Jelle J. P. Wouters, 2022 Nowhere in India is contemporary politics and visions of the political as diverse animated uncontrollable and poorly understood as in Northeast India Approaching politics in the vernacular this book thinks itself afresh into the region's political life      Refugees and the Politics of the Everyday State in Pakistan Elisabetta Iob, 2017-09-13 The Partition of India in 1947 involved the division of two provinces Bengal and the Punjab based on district wise Hindu or Muslim majorities The Partition displaced between 10 and 12 million people along religious lines This book provides a comprehensive and in depth analysis of the resettlement and rehabilitation of Partition refugees in Pakistani Punjab between 1947 and 1962 It weaves a chronological and thematic plot into a single narrative and focuses on the Punjabi refugee middle and upper middle class Emphasising the everyday experience of the state the author challenges standard interpretations of the resettlement of Partition refugees in the region and calls for a more nuanced understanding of their rehabilitation The book argues the universality of the so called exercise in human misery and the heterogeneity of the rehabilitation policies Refugees stories and interactions with local institutions reveal the inability of the local bureaucracy to establish its own polity and the viable workability of Pakistan as a state The use of Pakistani documents US and British records and a careful survey of both the judicial records and the Urdu and English language dailies of the time provides an invaluable window onto the everyday life of a state its institutions and its citizens A carefully researched study of both the state and the everyday lives of refugees as they negotiated resettlement through both personal and official channels the book offers an important reinterpretation of the first years of Pakistani history It will be of interest to academics working in the field of refugee resettlement and South Asian History and Politics      The Politics of Common Sense Aasim Sajjad Akhtar, 2018-02 Looks at everyday political practice in contemporary Pakistan Provided by publisher      **Migrants and Machine Politics** Adam Michael Auerbach, Tariq Thachil, 2023-01-03 How poor migrants shape city politics during urbanization As the Global South rapidly urbanizes millions of people have migrated from the countryside to urban slums which now house one billion people worldwide The transformative potential of urbanization hinges on whether and how poor migrants are integrated into city politics Popular and scholarly accounts paint migrant slums as exhausted by dispossession subdued by local dons bought off by wily politicians or polarized by ethnic appeals Migrants and Machine Politics shows how slum residents in India routinely defy such portrayals actively constructing and wielding political machine networks to demand important albeit imperfect representation and responsiveness within the country's expanding cities Drawing on years of pioneering fieldwork in India's slums including ethnographic observation interviews surveys and experiments Adam Michael Auerbach and Tariq Thachil reveal how migrants harness forces of political competition as residents voters

community leaders and party workers to sow unexpected seeds of accountability within city politics This multifaceted agency provokes new questions about how political networks form during urbanization In answering these questions this book overturns longstanding assumptions about how political machines exploit the urban poor to stifle competition foster ethnic favoritism and entrench vote buying By documenting how poor migrants actively shape urban politics in counterintuitive ways *Migrants and Machine Politics* sheds new light on the political consequences of urbanization across India and the Global South

**New Welfare Policy and Democratic Politics in India** Prakash Sarangi, 2024-06-11 *New Welfare Policy and Democratic Politics in India* offers an analysis of India's welfare policy during the last couple of decades It looks at how welfare policy making is viewed as a function of party competition and voter mobilization showing a gradual transformation of political clients into entitled citizens through which democratic politics in India has redefined its contemporary welfare discourse The book argues that political parties formulate policies in order to respond to the voices of citizens and shows that a new welfare architecture emerged in India characterized as responsive welfare India has witnessed a sharp rise in such voices which have been disadvantaged by a globalizing market The size and vulnerability of this group has made them politically significant and electorally salient These welfare aspirants have found a new political space through political parties to negotiate and assert their claims on the state creating a milestone in India's democratic politics trajectory in the form of entitlement based welfare policy The book compares and evaluates the implications of these new welfare policies in the contexts of two governments the Congress led government during 2009-2014 and the BJP led government during 2014-2019 The empirical data reveal remarkable similarities in their electoral pledges policy outputs policy outcomes and accountability towards citizens These findings indicate significant convergence in their welfare policies sans ideology or ethnic support base It also reveals that the ideological differences among the two major parties do not prevent remarkable continuities in the formulation and implementation of welfare policies during their incumbencies thus allowing for a bipartisan acceptance of a citizen centric welfare policy Offering a new analysis to understand this citizen party policy linkage in the formulation of welfare policy in India the book presents a macro analysis of India's interface between democratic politics and welfare policy It will be of interest to researchers in the fields of the politics of welfare democratisation in changing societies comparative politics and Indian and South Asian Studies and Asian Politics

**Encyclopedia of Asian Politics** Alexander C. Tan, Dennis Quilala, 2023-12-11 This state of the art Encyclopedia provides a detailed snapshot study of politics in Asia Curated by two internationally recognized scholars entries offer key insights and critical reference points in order to navigate the vastness diversity and dynamism of Asian politics

**Housing and Politics in Urban India** Swetha Rao Dhananka, 2020-12-03 Providing adequate housing in an increasingly urbanised world is a major challenge of current times This book puts together a compelling story based on fine grained analysis of housing processes as lived by slum dwellers and their voice bearers It situates the lived experience of claiming adequate housing within informal transactions and negotiations of patronage

networks vis vis the formal institutional opportunities and closures of Indian democracy In doing so this research extends an innovative array of conceptual and methodological tools to grasp the context in which housing claims succeed and fail This book contributes by responding to critical areas of social movement scholarship and by displaying community engagements and tactical strategies to bring about transformative change to claim adequate housing and resist co opting forces for socially sustainable housing futures

**Patronage Politics in Egypt** Mohamed Fahmy Menza,2013 Between the military takeover of 1952 and the collapse of the Mubarak regime in 2011 the political system of Egypt depended upon a variety of mechanisms and structures to establish and consolidate its powerbase Among those an intricate web of what could be described as patronage politics emerged as one of the main foundations of these tools Throughout the post 1952 era political patrons and respective clients were influential in Egyptian politics shaping the policies implemented by Egypt s rulers as well as the tactics orchestrated by the wider population On a macro level Patronage Politics in Egypt examines the activities of the NDP ruling party from 1978 2011 and its opposition the Muslim Brotherhood On a micro level the book uses the area of Misr Al Qadima as a case study to examine the factors that ensured the durability of patronage networks within the Egyptian polity By examining how the local links into macro level politics this book portrays the socio economic and political contexts that set the stage for the January 25 Revolution This topical study will be an invaluable resource for students scholars and researchers of the Middle East and Islam as well as those with a more general interest in politics

**Performing Sovereign Aspirations** Bart Klem,2024-11-21 Challenges state centric interpretations of insurgent politics by offering a performative perspective on Sri Lanka s Tamil nationalist movement

**The Rise of Right-Wing Populist Parties and Reversal of Economic Reforms in Developing Democracies** Vineeta Yadav,Bumba Mukherjee,2024-01-12 When and why are right wing populist RWP parties electorally successful in developing democracies What are the consequences of their electoral success The Rise of Right Wing Populist Parties and Reversal of Economic Reforms in Developing Democracies presents an original theoretical framework that is grounded in the socio economic characteristics of developing countries to answer these questions Vineeta Yadav and Bumba Mukherjee argue that when a sudden reversal financial crisis occurs in a highly clientelist developing democracy RWP parties can successfully win the electoral support of voters particularly those belonging to the traditional group in society They secure their win by promising to adopt nationalist economic policies to restore the social and economic status of voters particularly those belonging to the traditional groups Upon winning elections they deliver on this program by adopting protectionist trade policies and reducing the independence of their country s central banks so they can manipulate monetary policy to support dominant group voters Consequently they reverse key elements of economic globalization To provide evidence for these claims the authors conduct in depth analyses of two important cases the Bharatiya Janata Party BJP of India and the Partido Social Liberal PSL of Brazil using survey experiments and qualitative evidence and they analyze Time Series Cross Sectional data for 58 developing countries from 1980 to 2018 to

establish the generalizability of their arguments      Clientelism and Democratic Representation in Comparative Perspective Saskia Ruth-Lovell, Maria Spirova, 2019-10-15 Since the Third Wave of democratization research on clientelism has experienced a revival The puzzling persistence of clientelism in new and old democracies inspired researchers to investigate the micro foundations and causes of this phenomenon Though the decline of clientelistic practices such as vote buying and patronage in democratic contexts has often been predicted they have proven to be highly adaptive strategies of electoral mobilization and party building This volume seeks to contribute to this new line of research and develops a theoretical framework to study the consequences of clientelism for democratic governance Under governance we understand all processes of governing whether undertaken by a government market or network whether over a family tribe formal or informal organization or territory and whether through laws norms power or language      **Handbook of Politicization and Political Patronage** B. G. Peters, Colin Knox, Francisco Panizza, Conrado Ramos Larraburu, Katarina Staroňová, 2025-06-09 This expansive Handbook discusses key conceptual and theoretical issues in politicization and patronage With contributions from leading academics across the globe it presents diverse perspectives on politicization and patronage practices exploring the positive and negative implications of both concepts      Asian Power and Politics Lucian W. PYE, Mary W. Pye, Lucian W Pye, 2009-06-30 In a major new book Lucian W Pye reconceptualizes Asian political development as a product of cultural attitudes about power and authority He contrasts the great traditions of Confucian East Asia with the Southeast Asian cultures and the South Asian traditions of Hinduism and Islam and explores the national differences within these larger civilizations Breaking with modern political theory Pye believes that power differs profoundly from one culture to another In Asia the masses of the people are group oriented and respectful of authority while their leaders are more concerned with dignity and upholding collective pride than with problem solving As culture decides the course of political development Pye shows how Asian societies confronted with the task of setting up modern nation states respond by fashioning paternalistic forms of power that satisfy their deep psychological craving for security This new paternalism may appear essentially authoritarian to Western eyes but Pye maintains that it is a valid response to the people s needs and will ensure community solidarity and strong group loyalties He predicts that we are certain to see emerging from Asia s accelerating transformation some new version of modern society that may avoid many of the forms of tension common to Western civilization but may also produce a whole new set of problems This book revitalizes Asian political studies on a plane that comprehends the large differences between Asia and the West and at the same time is sensitive to the subtle variations among the many Asian cultures Its comparative perspective will provide indispensable insights to anyone who wishes to think more deeply about the modern Asian states      **Foreign Assistance Oversight** United States. Congress. Senate. Committee on Foreign Relations, 2004      **Democracy for Sale** Edward Aspinall, Ward Berenschot, 2019-04-15 Democracy for Sale is an on the ground account of Indonesian democracy analyzing its election campaigns and behind the scenes machinations Edward

Aspinall and Ward Berenschot assess the informal networks and political strategies that shape access to power and privilege in the messy political environment of contemporary Indonesia In post Suharto Indonesian politics the exchange of patronage for political support is commonplace Clientelism argue the authors saturates the political system and in Democracy for Sale they reveal the everyday practices of vote buying influence peddling manipulating government programs and skimming money from government projects In doing so Aspinall and Berenschot advance three major arguments The first argument points toward the role of religion kinship and other identities in Indonesian clientelism The second explains how and why Indonesia s distinctive system of free wheeling clientelism came into being And the third argument addresses variation in the patterns and intensity of clientelism Through these arguments and with comparative leverage from political practices in India and Argentina Democracy for Sale provides compelling evidence of the importance of informal networks and relationships rather than formal parties and institutions in contemporary Indonesia

**Economic Governance, Political Freedoms and the Conditions of Societal Violence** Indra de Soysa, 2025-09-30 This book shows how the underlying causes of civil war and political violence are based in concrete conditions relating to economic governance The author argues that what matters for cauterizing the potentiality of sustainable violence is economic governance specifically growth promoting governance that maximizes returns to investment due to competitive free market processes upheld by the rule of law and the protection of private property rights The arguments are assessed against three major forms of societal violence civil wars one sided violence by states against ordinary citizens and interpersonal violence that results in mortality Political and economic rights and freedoms are clearly intertwined but there may be advantages to prefacing one over another This study shows why and how economic governance matters for generating civil peace perhaps more so than rival perspectives based on the understanding that violence is motivated by political concerns and grievances that motivate people to rebel broadly The book demonstrates that the organization of violence that is sustained over long periods of time is far more narrowly focused than the loud discourses generated by violence itself predict Even if people have legitimate reasons for contesting a government s policies such concerns become side tracked even abandoned for reasons that may trump the necessity of compromise namely because more narrowly organized groups may have advantages for organizing violence and surviving sanction The mechanism through which this may occur is the primary focus of this book The author examines quantitative data but uses empirical detail from Sri Lanka as a case study Relying on a variety of historical sources on the Sri Lankan conflict to guide the discussion the author uses data collected by a host of individuals and agencies in the statistical analyses that follow The work demonstrates that economic governance matters more than the political mechanisms most often argued in the literature It will be of interest to those studying South Asian Politics economic development sociology history law international relations cultural studies and peace security and conflict studies
