challenge of improving educational outcomes has proven to be unexpectedly difficult Access to education has increased but  
quality remains low with weaknesses in governance comprising an important part of the explanation The Politics and  
Governance of Basic Education explores the balance between hierarchical and horizontal institutional arrangements for the  
public provision of basic education Using the vivid example of South Africa a country that had ambitious goals at the outset  
of its transition from apartheid to democracy it explores how the interaction of politics and institutions affects educational  
outcomes By examining lessons learned from how South Africa failed to achieve many of its goals it constructs an innovative  
alternative strategy for making process combining practical steps to achieve incremental gains to re orient the system
