Creating Engaging Discussions Jennifer H. Herman, Linda B. Nilson, 2023-07-03 If you have ever been apprehensive about initiating classroom discussion fearing silences the domination of a couple of speakers superficial contributions or off topic remarks this book provides strategies for creating a positive learning experience Jennifer H Herman and Linda B Nilson demonstrate how to create the conditions to facilitate deep and meaningful learning as well as to assess the effectiveness of discussions They identify analyze and solve common problems in both classroom and online discussions and in both small and large classes They take a direct practice oriented approach that in acknowledging common challenges provides principles guidance on design examples of activities and techniques and eight detailed case studies These cases demonstrate successful approaches that faculty across disciplines and from a variety of institutions have adopted in their face to face blended or online courses at the undergraduate or graduate level The case authors begin by describing the original pedagogical challenge they faced and explain how they addressed it and assessed the results of their innovation They also offer practical recommendations to readers who may want to try their strategies Intended for faculty this book will be equally valuable for educational developers who can use this resource in their programs and private consultations At the graduate level this book can serve as a text or workshop resource in college teaching courses and teaching assistant development programs The final chapter provides a set of resources and

activities including discussion questions on the case studies writing prompts and jigsaw formats that are equally appropriate for individual study or for use in workshop environments You ll never again have to suffer such a profound silence that as described by a contributor to the book she could hear the crickets chirping outside **Leave no child behind**

UNESCO,2022-06-20 To leave no child behind UNESCO developed the first global report of this scope on boys disengagement from education bringing together qualitative and quantitative evidence from over 140 countries This report provides an overview on the global situation on boys disengagement from and disadvantage in education It identifies factors influencing boys participation progression and learning outcomes in education It also analyses responses by governments and partners and examines promising policies and programmes Finally it includes recommendations on how to engage boys with education and address disadvantage While girls continue to face severe disadvantages and inequalities in education the report shows that boys in many countries are at greater risk than girls of repeating grades failing to complete different education levels and having poorer learning outcomes in school No less than 132 million boys of primary and secondary school age are out of school They urgently require support As this report shows supporting boys does not mean that girls lose out and vice versa Addressing boys disengagement not only benefits boys learning employment opportunities income and well being it is also highly beneficial for achieving gender equality and desirable economic social and health outcomes **Development**
