Notas Do Subterrafacneo:

Notas do subsolo Fiódor Dostoiévski, 2021-05-14 Considerado o livro precursor do existencialismo Notas do subsolo traz um dos personagens mais notáveis da literatura O narrador anônimo um ex-funcionário público que de modo desafiador se retira para uma existência subterrânea De lá ele rabisca uma narrativa apaixonada obsessiva e contraditória que serve como um ataque ao utopismo social e uma afirmação da natureza essencialmente irracional do homem Este clássico de Fiódor Dostoiévski originalmente publicado em 1864 foi vertido para o português por Ruth Guimarães

Underground Andra B Chastain, 2024-11-12 A fascinating historical examination of the Santiago Metro system as a

microcosm of Chilean national identity during the twentieth century The Santiago Metro the largest urban infrastructure project in Chile's history was designed in the 1960s in response to rapid urban growth Despite the upheavals of Salvador Allende's democratic socialism 1970-1973 and Augusto Pinochet's military dictatorship 1973-1990 the project survived and is now the largest metro system in South America What explains its success How did its meaning shift under democracy and dictatorship What does its history reveal about struggles for a more just city Drawing on Chilean and French archives Andra B Chastain demonstrates that Chilean-French relations and French financing were crucial to the project's survival during the Cold War The Metro's history also illuminates the contested process of implementing neoliberalism and the unexpected continuities of state planning and visions for a rational city that persisted despite free market reforms Most important this story shows that the Metro came to symbolize the nation and became a critical site where planners workers and urban residents contested Chile's path to modernity
