The Digitalization of Healthcare Ian P. McLoughlin, Karin Garrety, Rob Wilson, 2017-01-19 Electronic health records are widely regarded as the connective tissue of any modern healthcare system For some they represent a dangerous enthusiasm and for others a key enabler of disruptive innovation Many governments have made major policy and financial investments in digitalizing health records but their implementation has frequently run into opposition from doctors had lukewarm responses from patients and raised considerable concerns for privacy advocates and others worried by the security of sensitive health data and the risks of national data bases This book draws upon the concept of orders of worth to reveal the moral dimensions of the medical division of labour and to delve deeper into understanding why electronic records have been so difficult to implement and the sources of opposition to them The authors argue that digitalization disrupts the moral orders which define rights and responsibilities for the sharing and exchanging of patient medical data This is illustrated through longitudinal studies of two of the most controversial attempts to introduce national systems a patient controlled electronic record in Australia and a national summary care record that was part of the ill fated NHS national program for IT in England The authors conclude by using the lessons from these national experiences and insights from two regional projects in each country to suggest how the idea of electronic records might be rethought It is a must read for anyone concerned about health information and the implications of how it is shared and exchanged in a digital world

Indian National Security and Counter-Insurgency Namrata Goswami, 2014-11-27 This book based on extensive field research examines the Indian state's response to the multiple insurgencies that have occurred since independence in 1947 In reacting to these various insurgencies the Indian state has employed a combined approach of force dialogue accommodation of ethnic and minority aspirations and overtime the state has established a tradition of negotiation with armed ethnic groups in order to bolster its legitimacy based on an accommodative posture While these efforts have succeeded in resolving the Mizo insurgency it has only incited levels of violence with regard to others Within this backdrop of ongoing Indian counter insurgency this study provides a set of conditions responsible for the groundswell of insurgencies in India and some recommendations to better formulate India's national security policy with regard to its counter insurgency responses The study focuses on the national institutions responsible for formulating India's national security policy dealing with counter insurgency such as the Prime Minister's Office the Cabinet Committee on Security the National Security Council the Ministry of Home Affairs and the Indian military apparatus Furthermore it studies how national interests and values influence the formulation of this policy and the overall success and or failure of the policy to deal with armed insurgent movements Notably the study traces the ideational influence of Kautilya and Gandhi in India's overall response to insurgencies Multiple cases of armed ethnic insurgencies in Assam Manipur Mizoram and Nagaland in the

Northeast of India and the ideologically oriented Maoist or Naxalite insurgency affecting the heartland of India are analysed in depth to evaluate the Indian counter insurgency experience This book will be of much interest to students of counter insurgency Asian politics ethnic conflict and security studies in general **India--Myanmar Relations** Rajiv Bhatia,2015-08-11 This book provides a comprehensive evaluation of India s multi faceted relations with Myanmar It unravels the mysteries of the complex polity of Myanmar as it undergoes transition through democracy after long military rule Based on meticulous research and understanding the volume traces the trajectory of India Myanmar associations from ancient times to the present day and offers a fascinating story in the backdrop of the region s geopolitics An in depth analysis of India Myanmar China Triangle brings out the strategic stakes involved It will be of great interest to researchers and scholars of international relations peace and conflict studies defence and strategic studies politics South and Southeast Asian studies as well as policy makers and political think tanks **SOUVENIR of 2nd International Science Congress (ISC-2012)** Prof. Dipak Sharma, The International Science Congress Association organized the 2nd International Science Congress ISC 2012 with Science and Technology Challenges of 21st Century as its focal theme ISC 2012 was divided in 20 sections A total number of 800 Research Papers and 1200 registrations from 23 countries all over the world have been received They was mainly from Bangladesh Bulgariya Cameroun France Greece Iran Iraq Kazakhstan Korea Lithuania Malaysia Nigeria Nepal Phillipines Pakistan Poland Romania Slovakiya USA Ukraine Venezuela Turkey and India **Programming HPA-axis by early life experience: Mechanisms of stress susceptibility and adaptation** Rachel Yehuda,Nikolaos P Daskalakis,2015-03-16 Experiences during early life program the central nervous and endocrine systems with consequences for susceptibility to physical and mental disorders These programming effects depend on genetic and epigenetic factors and their outcome leads to an adaptive or maladaptive phenotype to a given later environmental context This Research Topic focused on the hypothalamus pituitary adrenal HPA axis and stress related phenotypes and on how HPA axis programming by the environment precisely occurs We included original research mini review and review papers on a broad range of topics related to HPA axis programming **The Unions' Response to Globalization** Gary Chaison,2014-07-08 Globalization is commonly described in trade and cultural terms but its impact on unions and collective bargaining is seldom assessed The few studies of unions and globalization are mostly collections of cases studies of how unions can work together or with other alliance partners to defend against the power of multinational corporations This book goes beyond the current research by asking how unions have tried to deal with globalization and how globalization might threaten the fundamental union mission of taking wages hours and conditions of employment out of competition The introductory chapter defines globalization and uses the case of the Detroit Three automakers GM Chrysler and Ford to show how globalization can affect employment and union size influence and relevancy The second chapter shows how unions deal globalization through collective bargaining regarding outsourcing alliances strikes and political action including lobbying and international work standards The final

chapter argues that the unions cannot continue unchanged in this age of globalization and asks what they must do to be effective and relevant *The World Factbook*, 2016 *Systemic Risk and the Future of Insurance Regulation* Andromachi Georgosouli, Miriam Goldby, 2017-09-19 This book examines policy developments that have been occurring in the field of financial regulation and their implications for the insurance industry and markets With UK and US contributors from academia and legal practice this book will be essential reading for policy makers insurance regulators insurance and legal professionals as well as students and academics researching and studying insurance law *Dangerous Allies* Malcolm Fraser, Cain Roberts, 2016-04-12 Australia has always been reliant on great and powerful friends for its sense of national security and for direction on its foreign policy first on the British Empire and now on the United States Australia has actively pursued a policy of strategic dependence believing that making a grand bargain with a powerful ally was the best policy to ensure its security and prosperity *Dangerous Allies* examines Australia's history of strategic dependence and questions the continuation of this position It argues that international circumstances in the world and in the Western Pacific especially now make such a policy highly questionable Since the fall of the Soviet Union the United States has also changed dramatically making it less relevant to Australia and a less appropriate ally on which Australia should rely Malcolm Fraser argues that Australia should adopt a much greater degree of independence in foreign policy and that we should no longer merely follow other nations into wars of no direct interest to Australia or Australia's security He argues for an end to strategic dependence and for the timely establishment of a truly independent Australia *Indian Feminisms* Poonam Kathuria, Abha Bhaiya, 2018-08-27 This collection of essays focuses on the post 1980s period of the Indian feminist movement a moment rich in new and different modes of resistance of widespread political engagements with issues of rights of justice of identity and much more The writers here all well known activists and founders of some of the most important of feminist institutions describe their individual and collective journeys bringing attention to the movement to their struggles their campaigns their victories and the challenges they have faced In using the tools of feminist analysis a focus on life stories on oral accounts on group formation and more they also make a case for advocacy through legal and socio political means Despite being one of the most dynamic of feminist movements in the world the Indian feminist movement has seldom been recognized as such And yet in addressing how women's oppression and discrimination lie at the intersection of complex inequalities of caste of region and religion of class of patriarchy race ethnicity to name only a few the writers in this volume make a case for the need for constant introspection reflection and self questioning so that the movement can learn and grow They show how in India and indeed across much of South Asia it is feminists who have stood against capitalism war and violence environmental degradation and fundamentalism and have forged alliances with varied movements learning from them working strengthening them but also infusing them with a feminist analysis *Participatory archives in a world of ubiquitous media* Natalie Pang, Kai Khiun Liew, Brenda Chang, 2017-10-02 The media environment of today is characterised by two critical

factors the development and adoption of ubiquitous mobile devices and the strengthening of connectivity enabled by advances in ICT infrastructure and social media platforms These developments have changed interactions and relationships between citizens and cultural custodians as well as the ways archives are developed kept and used Archives are now characterised by greater socialisations and networks that actively contribute to the signification of cultural heritage value A range of new stakeholders many of whom include the public have sought to define what needs to be collectively remembered and forgotten The world in which one or a few professional archivists worked on the sole mission of shaping how a society remembers is being displaced by a more democratised culture and the new generation of digitally networked archivists that are its natives Using a range of case studies and perspectives this book provides insights to the many ways that ubiquitous media have influenced archival practices and research as well as the social and civic consequences of present day archives This book was published as a special issue of Archives and Manuscripts *The Trans-Pacific Partnership* Matthew Rimmer, 2020-12-25 This book considers the impact of the Trans Pacific Partnership TPP on intellectual property and trade The book focuses upon the debate over copyright law intermediary liability and technological protection measures The text examines the negotiations over trade mark law cybersquatting geographical indications and the plain packaging of tobacco products It explores the debate over patent law and access to essential medicines data protection and biologics and the protection of trade secrets In addition the book investigates the treatment of Indigenous intellectual property access to genetic resources and plant breeders rights **Mark Mothersbaugh** Adam Lerner, 2014-11-11 Mark Mothersbaugh is a legendary figure for fans of both street art and music culture Cofounder of the seminal New Wave band DEVO he was a prolific visual artist before the band's inception moving seamlessly between multiple mediums creating bold cartoonish strangely disturbed works of pop surrealism that playfully explore the relationship between technology and individuality In the most comprehensive presentation of his work to date Mark Mothersbaugh Myopia features a lifetime of his creative inventions from the beginning of his artistic career in the 1970s to his most recent work including early postcards screen prints decals and DEVO ephemera as well as later paintings photographs such as the celebrated Beautiful Mutants series sculpture and rugs Accompanied by a major six city traveling exhibition this richly illustrated catalog positions Mothersbaugh as a pivotal figure in the history of both contemporary art and indie culture [The World Factbook 2016-17](#) Government Publications Office, 2016-08-18 The World Factbook provides information on the history people government economy geography communications transportation military and transnational issues for 267 world entities The World Factbook Reference tab includes maps of the major world regions as well as Flags of the World a Physical Map of the World a Political Map of the World a World Oceans map and a Standard Time Zones of the World map This annual edition also covers information about country profiles and country comparisons It would make an excellent and useful resource for world geography research papers and international relations classes that may study the people history and communication patterns

of other countries *Catalyzing Green Finance* Asian Development Bank, 2017-08-01 A large financing need challenges climate adjusted infrastructure in developing Asia estimated at 26 trillion till 2030 This necessitates crowding in private sources to meet financing efficiency and technology gaps However a lack of bankable projects is a major hurdle This publication suggests one possible innovative financing approach The Green Finance Catalyzing Facility GFCF proposes a blended finance framework for governments and development entities to better leverage development funds for risk mitigation generate a pipeline of bankable green infrastructure projects and directly catalyze private finance The GFCF provides useful inputs for the current debate on mainstreaming green finance into country financial systems
