South African Accounting Education Stocktake Jaco Fouchè, Nico van der Merwe, 2020-04-07 This book is intended to take stock of the current state of accounting education with a specific emphasis on the South African situation. It provides a critical overview of the current published research and identified gaps. Through this it aims to equip accounting academics with information and tools to motivate them to research the field of accounting education to improve teaching and learning. It also aids in the identification of suitable research topics in this regard and highlights potential pitfalls in researching accounting education. The book therefore focuses on accounting educators as specialists in their respective disciplines. Different authors with a keen interest in a specific area relating to accounting education research wrote each chapter in this book. It forms a planned collective work assembled by appropriately qualified and experienced scholars in the accounting education field which generates a new conceptual synthesis that advances scholarship of accounting education research since no such synthesis currently exists for accounting education research in South Africa. *Charter*, 1997 **Taylor's 7th Teaching and Learning Conference 2014 Proceedings** Siew Fun Tang, Loshinikarasi Logonnathan, 2015-06-01 These conference proceedings showcase a rich and practical exchange of approaches and vital evidence-based practices taking place around the world. They clarify the complex challenges involved in bringing about a holistic educational environment in schools and institutes of higher learning that fosters greater understanding and offer valuable insights on how to avoid the pitfalls that come with rolling out holistic approaches to education. To do so the proceedings focus on the subthemes Support and Development, Mobility and Diversity, and Networking and Collaboration in Holistic Education. *Digital Science* Tatiana Antipova, 2022-01-17 This book gathers selected papers that were submitted to the 2021 International Conference on Digital Science (DSIC 2021) that aims to make available the discussion and the publication of papers on all aspects of single and multidisciplinary research on conference topics. DSIC 2021 was held on October 15-17, 2021. An important characteristic feature of the conference is the short publication time and worldwide distribution. Written by respected researchers, the book covers a range of innovative topics related to digital economics, digital education, digital engineering, digital environmental sciences, digital finance, business and banking, digital health care, hospitals and rehabilitation, digital media, digital medicine, pharma and public health, digital public administration, digital technology and applied sciences. This book may be used for private and professional non-commercial research and classroom use, e.g. sharing the contribution by mail or in hard copy form with research colleagues for their professional non-commercial research and classroom use, for use in presentations or handouts for any level students, researchers, etc. for the further development of authors' scientific career, e.g. by citing and attaching contributions to job or grant application. **Towards a Collaborative Society Through Creative Learning** Therese Keane, Cathy Lewin, Torsten Brinda, Rosa Bottino, 2023-09-27 This book contains the revised selected refereed papers from the IFIP World Conference on Computers in Education on *Towards a Collaborative Society through Creative Learning*.
