C ENHANCEMENTS TO ELECTRONIC DOCUMENTS

More and more customers today are requesting electronic documentation for ease of storage and record keeping. These documents are 128 bit encrypted and are in PDF format. Before a supplier can send electronic documents to a customer, the supplier needs to request written permission from the customer to send electronic documents. This is the sole responsibility of the supplier. Once the customer has given their consent to receive electronic documents, there is a check box in the Edit...Customer Accounts...Processing tab that needs to be checked,

The screenshot shows the 'Edit...Customer Accounts...Processing' window. The 'Customer' section includes fields for 'Code' (001) and 'Name' (John Limited). The 'Processing Method' section has a checkbox labeled 'Customer Accepts Electronic Documents' which is checked. A callout box points to this checkbox with the text 'Customer Accepts Electronic Documents'.
