final chapter covers the foodservice industry. The text highlights food science links with industry uniquely using the North American Industry Classification System (NAICS). Overall, the book is thoroughly modernized with over 1500 references cited in recognition of thousands of named food scientists and other professionals. The target readership remains unchanged for the current edition: i.e., students of food science from senior high school colleges or universities. Sections of the book will also appeal to advanced readers from other disciplines with perhaps little or no prior food science experience. Additionally, readers covering the intersection of food science with culinary arts, food services, and nutrition or public health will find the book useful.
