This provocative and accessible narrative recounts the inside story of how a broad based people's campaign was mobilized and subsequently succeeded in pushing Congress to create a consumer financial regulator with clout What would Congress do if anything to tame Wall Street and the nation's lenders following the financial meltdown of 2008 This book tells the true story of how an alliance of consumer civil rights labor fair lending and other progressive groups emerged to effectively challenge Wall Street and its official protectors and to win substantial new legislative reforms actions that resulted in the Dodd Frank Act and its path breaking Consumer Financial Protection Bureau CFPB Based largely on in depth interviews with the leading activists involved in the campaign *Financial Justice* The People's Campaign to Stop Lender Abuse taps into the world of contemporary citizen movements to present evidence into the conditions that determine the success and failure of social movement campaigns It goes well beyond general global variables such as effective management to show how the formal and informal rules adopted by a campaign can serve to preclude fragmentation and incoherence **A Chinese Chrestomathy in the Canton Dialect** Elijah Coleman Bridgman, 1841 *The American School Board Journal*, 1914

Congress. Senate. Committee on Appropriations, 1948 **The City Record** New York (N.Y.), 1914 *The Meritocracy Trap* Daniel Markovits, 2020-09-08 A revolutionary new argument from eminent Yale Law professor Daniel Markovits attacking the false promise of meritocracy It is an axiom of American life that advantage should be earned through ability and effort Even as the country divides itself at every turn the meritocratic ideal that social and economic rewards should follow achievement rather than breeding reigns supreme Both Democrats and Republicans insistently repeat meritocratic notions Meritocracy cuts to the heart of who we are It sustains the American dream But what if both up and down the social ladder meritocracy is a sham Today meritocracy has become exactly what it was conceived to resist a mechanism for the concentration and dynastic transmission of wealth and privilege across generations Upward mobility has become a fantasy and the embattled middle classes are now more likely to sink into the working poor than to rise into the professional elite At the same time meritocracy now ensnares even those who manage to claw their way to the top requiring rich adults to work with crushing intensity exploiting their expensive educations in order to extract a return All this is not the result of deviations or retreats from meritocracy but rather stems directly from meritocracy s successes This is the radical argument that Daniel Markovits prosecutes with rare force Markovits is well placed to expose the sham of meritocracy Having spent his life at elite universities he knows from the inside the corrosive

system we are trapped within Markovits also knows that if we understand that meritocratic inequality produces near universal harm we can cure it When The Meritocracy Trap reveals the inner workings of the meritocratic machine it also illuminates the first steps outward towards a new world that might once again afford dignity and prosperity to the American people
