Patton And His Third Army:

Patton and His Third Army Brenton Greene Wallace, 2019-02-26 In Patton and His Third Army Brenton Wallace details the actions of General George S Patton and the Third Army from its preparations in Britain to its first engagements with the enemy through to the major battles countering the German offensives liberating Paris and breaking across the Moselle into the Nazi heartland to subdue Hitler's forces

Patton's Third Army at War George Forty, 2015-04-19 The story of Gen George S Patton's magnificent Third Army as it advanced across Nazi occupied Europe and into Hitler's redoubt. Includes photos. As America's own answer to the Blitzkrieg Third Army's actions from the Normandy coast across France and Germany to Austria gave a new dimension to the term fluid warfare. They only needed one general order to seek out the enemy trap and destroy them. This they did relentlessly overcoming every obstacle thrown in their way. Third Army's story is one of teamwork of armor, infantry and aircraft working together with a perfection that amazed even the Germans who'd always considered themselves the masters of the mobile offensive. Though Third Army is often remembered for its tank spearheads like the 4th Armored Division these pages also give credit to the brave infantry divisions which butted their heads against fortresses such as Metz with ultimate success. It is also the story of a triumph of administration as thousands of trucks carried forward the vital supplies to keep the army on the move and fighting. When a German counteroffensive nearly burst through the US lines in the Ardennes it was Patton's Third Army that turned on its heel and immediately drove in the Bulge ending Hitler's last great hope for success in the west. Afterward nothing could stop it as it crossed the Rhine and overran the Reich. Much of Third Army's greatness, driving force and will to win was owed to one man Gen George Smith Patton Jr and a significant part of this book is devoted to him alone. In these pages a renowned military historian gives a vivid impression in words and pictures of what it was like to live and fight with Patton's men. Full of eyewitness accounts, photographs and maps it relates the full story of how America's most dynamic fighting formation led the Allied effort against the Nazis seemingly invincible European empire
