

Safety Information

Read the Polaroid Consumer Safety Policy (found below) in conjunction with the general requirements and other safety warnings at the back of this manual.

Warnings or instructions are indicated throughout the user's manual by the following symbols:

Warnings

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment normally uses only one radio or other wireless device and it may interfere with other equipment using the frequency and/or channel frequency assignment to which it is assigned. However, there is no guarantee that interference will not occur if a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to take one or more of the following measures to correct the interference:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

This equipment must not be so located or so operated as to cause material interference to any other service or equipment.

This equipment complies with the FCC's RF emission requirements for the unlicensed equipment and meets the FCC's radio frequency (RF) exposure requirements in Supplement C to Part 15.107 for the 2.4 GHz frequency band. Polaroid's Polaroid PoGo Instant Mobile Printer complies with the FCC's RF exposure requirements for unlicensed equipment. For a full description of the equipment's compliance with the FCC's RF exposure requirements, please visit www.fcc.gov.

The device complies with Part 15 of the FCC Rules and the FCC Class of B limits. Operation is subject to the following two conditions: (1) the device may not cause interference, and (2) the device must accept any interference, including interference that may cause undesired operation of the device.
