Frontline Policing in the 21st Century Sheldon F. Greenberg, 2017-11-29 This book provides the how to s of police patrol focusing on how officers on the front line perform their duties covering both skills and techniques meet day to day challenges and manage the tasks and risks associated with modern police patrol Drawing on theory research and the experience of numerous practitioners it provides practical daily checklists and guidance for delivering primary police services Conducting mobile and foot patrols Completing a preliminary investigation Canvassing a neighborhood Developing street contacts Building and sustaining trust Delivering death notifications and more It features interviews with frontline officers as well as both police chiefs and supervisors to examine the role of police officers in the 21st century and their partnership with and accountability to the communities they serve In addition this book explores how modern policing has evolved by examining the research innovation tradition and technology upon which it is based It provides new perspectives

and ideas as well as basic knowledge of daily practices offering value to new and experienced police and security personnel alike students in criminal justice law and public safety community leaders and others involved in advancing police operations and community well being Learning from Error in Policing Jon Shane,2013-04-16 While the proximate cause of any accident is usually someone s immediate action or omission failure to act there is often a trail of underlying latent conditions that facilitated their error the person has in effect been unwittingly set up for failure by the organization This Brief explores an accident in policing as a framework for examining existing police practices Learning from Error in Policing describes a case of wrongful arrest from the perspective of organizational accident theory which suggests a single unsafe act in this case a wrongful arrest is facilitated by several underlying latent conditions that triggered the event and failed to stop the harm once in motion The analysis demonstrates that the risk of errors committed by omission failing to act were significantly more likely to occur than errors committed by acts of commission By examining this case policy implications and directions for future research are discussed The analysis of this case and the underlying lessons learned from it will have important implications for researchers and practitioners in the policing field 范范范范 范范,2019-05-14 paradigm Introduction to Criminal Investigation Michael Birzer,2018-07-31 The manner in which criminal investigators are trained is neither uniform nor consistent ranging from sophisticated training protocols in some departments to on the job experience alongside senior investigators in others Ideal for students taking a first course in the subject as well as professionals in need of a refresher Introduction to Criminal Investigation uses an accessible format to convey concepts in practical concrete terms Topics discussed include The history of criminal investigation in Western society Qualifications for becoming an investigator the selection process and ideal training requirements Crime scene search techniques including planning and post search debriefing Preparing effective field notes and investigative reports Interviewing and interrogating Types of evidence found at the crime scene and how to collect package and preserve it The contributions of forensic science to criminal investigations and the equipment used in crime labs Investigative protocol for a range of crimes including property crimes auto theft arson financial crimes homicide assault sex crimes and robbery Specialized investigations including drug trafficking cybercrime and gang related crime Legal issues involved in criminal investigations and preparing a case for trial Bringing together contributions from law enforcement personnel academics and attorneys the book combines practical and theoretical elements to provide a comprehensive examination of today s criminal investigative process The accessible manner in which the information is conveyed makes this an ideal text for a wide ranging audience **Highway Safety Literature** ,1980

Police Women Sandra K. Wells,Betty L. Alt,2005-09-30 It is often said that a woman must do a job twice as well as a man in order to get half the credit This is particularly true of women in law enforcement Women have been involved in various forms of policing for the last 100 years but it wasn t until the Equal Employment Act of 1970 that women could move from the job of meter maids to patrol and detective work Yet less than 1% of all top level cops are women and there remain

significant obstacles in the career paths of women in the force This book looks at the history of women police officers and provides first hand accounts of women at every level including those who drop out It addresses discrimination competition lack of mentoring differential treatment and sexual harrassment examining what issues play into the decision to stick it out or leave that many policewomen face It also considers the family issues these women return home to at the end of the day It is often said that a woman must do a job twice as well as a man in order to get half the credit This is particularly true of women in law enforcement Women have been involved in various forms of policing for the last 100 years but it wasn t until the Equal Employment Act of 1970 that women could move from the job of meter maids to patrol and detective work Yet less than 1% of all top level cops are women and there remain significant obstacles in the career paths of women in the force This book looks at the history of women police officers and provides first hand accounts of women at every level including those who drop out It addresses discrimination competition lack of mentoring differential treatment and sexual harrassment It looks at what plays into the decision to stick it out or leave that many policewomen face It also considers the family issues these women return home to at the end of the day Unlike other treatments of the subject Alt and Wells show how women have changed police work into a more community oriented model of policing reduced police violence served as a strong force to promote a more effective response to domestic violence within police departments and helped with community police relations With a combination of first hand accounts careful research and lively analysis the authors are able to convey the actual experiences of women who have made their careers behind the shield **Document Retrieval Index** ,1972
