Lazarus of Bethany Scott Douglas, 2021-07-15 Discover the true miracle of Lazarus being raised from the dead Lazarus is an amazing story A man rose from the dead You just don't get any more awesome than that right So that's it then That's what we are supposed to learn from his resurrection right Not exactly Jesus performed lots of miracles John said it best when he said that there would not be room in the whole world to describe all that he did It's easy to look at the stories of miracles and see them for what they're worth miracles But that's a shame If the miracle is in the Bible there's a reason for it It's not just there because it was miraculous With Lazarus a man rose from the dead an amazing miracle no doubt But there's more to it than that There's a lesson to be learned Lazarus wasn't just a man who raised from the dead he had a life before and after his resurrection And Jesus didn't perform the miracle just to be flashy

Consider the Ostrich Scott Douglas, 2023-06-01 We all know the story of creation in the Bible In the beginning God created But what if creation isn't where things started Not in the Bible anyway What if the first book of the Bible wasn't about creation it was about pain Scholars have debated for years about what the first book of the Bible really is Most have concluded that the Book of Job was probably the first book written Think about that what if the message God wanted us to receive wasn't about how we were created but what to do when life gets bad Being a Christian means happiest Joy It means you get that white picket fence and have friends that bring you companionship Hardship and spiritual warfare may be words that Christians know but it's not exactly something we talk about Job is a complicated and messy story because it addresses the elephant in the giant room that is Christianity that believing in God doesn't mean happiness Or wealth Or even goodness Job is a story that teaches us an ugly truth about what we believe that things aren't always better on the other side of the mountain that good things don't always happen to good people and that sometimes life is just messed up Most people know the story of Job He's the guy who had bad things happen to him But we often look to the story as more a Sunday school fairytale Sure it's believable But we often look at it as a moral tale about a guy who had it all taken away There's more to it than that Rarely do we study it to find out what God is trying to teach us The lesson here is deep and one every believe should hear

The Unwanted Sound of Everything We Want Garret Keizer, 2010-05-04 Noise is usually defined as unwanted sound: loud music from a neighbor, the honk of a taxicab, the roar of a supersonic jet. But as Garret Keizer illustrates in this probing examination, noise is as much about what we want as about what we seek to avoid. It has been a byproduct of human striving since ancient times, even as it has become a significant cause of disease in our own. At heart, noise provides a key for understanding some of our most pressing issues, from social inequality to climate change. In a journey

that leads us from the Tanzanian veldt to the streets of New York Keizer deftly explores the political ramifications of noise America s central role in a loud world and the environmental sustainability of a quieter one The result is a deeply satisfying book one guaranteed to change how we hear the world and how we measure our own personal volume within it **The Ridiculously Simple Guide to MacOS Catalina** Scott La Counte,2019-10-16 Note This is the Color Edition of MacOS Catalina Getting Started with MacOS 10 15 For MacBooks and iMacs If you have purchased the notebook or computer or are just curious about seeing more about what MacOS can do for you then you ll see it in this book This book is intended for people who want to get started quickly For that reason it s not as comprehensive as other guides If you want to know about some feature buried deep under the hood that you ll never use then there are other books for you I m sure they ll make good doorstops when you finish If you just want a simple guide that tells you what you need to know so you can use your computer already then this book is for you It will also cover how to successfully make the transition from Mac to Windows Each chapter starts with bullet points on what will be covered so if it s something you already know you can skip right ahead if you only need to know how to use new features the book is also formatted in a way that these stand out Are you ready to start enjoying the new MacOS Then let s get started **#OrganicJesus** Scott Douglas,2016-06-08 If Generation Next is supposed to question everything and trust no one where does faith fit in Consumers demand that their food be pesticide free their cosmetics and shampoo be paraben free and that everything possible from clothes to toilet paper be made without additives or chemicals But there s nothing that has more additives to the original product than Christianity How do we get back to the 100% organic version of Jesus In his personal search for the organic Jesus Scott Douglas goes on a funny thought provoking romp through the foundations of belief Christianity he says has become a simulacrum a bloated overprocessed image that lacks the true substance of the real thing His search for the original took him far and wide through historical Christ figures urban legends odd facts about the faith freakishly flawed Christians and the Internet Using relatable contemporary anecdotes and unlikely wisdom concealed within humor Douglas reveals a way back to the authentic essence of following Christ By including wiki breaks social media callouts quizzes charts and more OrganicJesus is ideal for readers raised on social media who can t step out of their house without tweeting about it or eat lunch without posting on Instagram Douglas is careful to be as non biased as possible writing not for any particular agenda political or otherwise but instead encouraging readers to seek their own path for spiritual renewal The result is a candid look at modern Christianity that will challenge savvy young Christians to put as much effort into discovering sustainable religion as they do in their pursuit of an organic marketplace **Organic Theology** Scott Douglas, Theology is a dish best served organically Christianity has thousands of years of history You probably know a lot of it But this is the story that you probably didn t hear in Sunday school Punctuated by footnotes and full of wit and wisdom you will be surprised by how much fun you have learning about the foundations of belief You don t have to be a Bible scholar to understand some of the many complex concepts in this book The author breaks

it down in a way that's approachable, insightful, and even funny in places. You'll learn about the Bible being a myth, don't worry, it's not at all what you think. How we know if Jesus was really the Messiah, and of course if God has a pinky toe. Sit back, relax, and get ready to have some fun.

Jesus Ascended. What Does That Mean? Scott Douglas, 2020-11. Discover the Power of the Ascension. Something happened. Jesus rose. But Christ didn't just rise from the dead. He ascended to Heaven. We hear the stories about Peter and John and all the heroes of the New Testament, and they're unstoppable Christians, fearless and bold. And sometimes we wrongly assume that they just got that way. That Christ died for their sins, and bam! They're instantly changed. On the contrary, the disciples were actually quite cowardly in their actions after the Resurrection. It wasn't until after the Ascension that they were on fire for Christ. So what happened during the forty days? Something happened. There's more written about Christ's ministry before his death than the events that happened after his Resurrection, but when we look at the Ascension, we begin to see that there's power in small details. We begin to see that something happened after the Resurrection, something happened to transform the lives of believers and make them more than followers. Looking at what happened after the Resurrection and further at the Ascension of Christ, we start to see what happened to transform the followers, and in seeing this, we might just be transformed ourselves. Something did indeed happen during the forty days. Jesus was not done teaching.

Bethlehem, the Year Jesus Was Born Scott Douglas, 2020-10-02. The story of Christmas like you've never heard before. The Bible teaches us the real story of Christmas. The problem is, people have taken this story and added on to it. Cultures have added on to it. It's passed through countries, and they've tacked on their little spin. We have thousands of years of a Christmas that is built around legends and myths. The Christmas we know is in places more a fairytale. It's an inspiring one for sure. But a fairytale nonetheless. When you begin to unwrap the many layers of the first Christmas, you begin to see that there's more to Christmas than meets the eye. God is giving us a message, a gift to unwrap. This book helps us slow down and unpack the layers so we can see just how beautiful this gift really is. This is the story of Christmas. Christmas, God's gift to us. This book is a stand-alone title of the Organic Faith series.

The Organic Faith Bundle Scott Douglas, 2020-10-16. A box set of two Christian books. The books take Biblical topics and strip them down to their purist state so you can reconsider them in ways you may have never thought about before. The bundle includes *Jesus Ascended: What Does That Mean?* and *Bethlehem, the Year Jesus Was Born*. *Jesus Ascended: What Does That Mean?* explores the 40 days after the resurrection and how it changed the lives of the disciples. *Bethlehem, the Year Jesus Was Born* looks at the real history of Christmas. It looks beyond what we have come to know from church Christmas pageants and investigates the theology behind the season. See why thousands of readers have already been inspired by these two best-selling books.
