Quite A Good Time To Be Born A Memoir 1935 1975:

Quite a Good Time to be Born David Lodge, 2015 I drew my first breath on the 28th of January 1935 which was quite a good time for a future writer to be born in England The only child in a lower middle class London family who got his artistic genes from his musician father and his Catholic faith from his Irish Belgian mother David Lodge was four when World War II began and grew to maturity through decades of great social and cultural change giving him plenty to write about in his distinguished career In this memoir of his life up to the publication of his breakthrough book *Changing Places* David looks back over his childhood and youth including his undergraduate years at University College London where he met Mary his future wife in freshers week After National Service and two years postgraduate research married at last and soon a father he struggles to make a start as both novelist and academic until a lucky break brings him a job at the University of Birmingham and a stimulating friendship with a colleague of similar ambition Malcolm Bradbury A promising career anchored on a happy marriage opens up full of opportunities for travel enjoyment of exciting new trends and interesting new friends but also intertwined with unexpected setbacks and challenges both professional and personal Candid witty and insightful illuminating both the author and his work *Quite a Good Time to be Born* gives a fascinating picture of a period of transition in British society and the evolution of a writer who has become a classic in his own lifetime

Quite a Good Time to Be Born David Lodge, 2015-01-11 In this memoir of his life David Lodge looks back over his childhood and youth including his undergraduate years at University College London After National Service and two years postgraduate research married at last and soon a father he struggles to make a start as both novelist and academic Candid witty and insightful *Quite a Good Time to be Born* gives a fascinating picture of the evolution of a writer who has become a classic in his own lifetime

The Photographer as Autobiographer Arnaud Schmitt, 2022-09-10 This book explores hybrid memoirs combining text and images authored by photographers It contextualizes this sub category of life writing from a historical perspective within the overall context of life writing before taking a structural and cognitive approach to the text image relationship While autobiographers use photographs primarily for their illustrative or referential function photographers have a much more complex interaction with pictures in their autobiographical accounts This book explores how the visual aspect of a memoir may drastically alter the reader's response to the work but also how in other cases the visual parts seem disconnected from the text or underused

The Schism of '68 Alana Harris, 2018-03-02 This volume explores the critical reactions and dissenting activism generated in the summer of 1968 when Pope Paul VI promulgated his much anticipated and hugely divisive encyclical *Humanae Vitae* which banned the use of artificial contraception by Catholics Through comparative case studies of fourteen different European countries it offers a wealth of new data about the lived religious beliefs and practices of ordinary people as well as theologians interrogating traditional teachings in areas relating to love marriage family life gender roles and marital intimacy Key themes include the role of medical experts the media the strategies of progressive Catholic clergy and laity and the

critical part played by hugely differing Church State relations In demonstrating the Catholic Church's important and overlooked contribution to the refashioning of the sexual landscape of post war Europe it makes a critical intervention into a growing historiography exploring the 1960s and offers a close interrogation of one strand of religious change in this tumultuous decade

A Literary and Catholic Discourse on David Lodge's novels "The British Museum is Falling Down" and "How far can you go?", 2020-07-08 Pre University Paper from the year 2020 in the subject English Language and Literature Studies Literature grade 1 language English abstract The art of literature has many faces One of it is David Lodge a British author and literary critic With his literary work he explores society and culture as well as religion It is the aim of this pre academic work to analyse and compare two of his earlier novels *The British Museum is Falling Down* 1965 and *How far can you go* 1980 As a first step the biographical background of David Lodge with a special focus on faith is examined Moreover it is clarified why he can be called a Catholic novelist It is depicted how he has developed as a Catholic novelist Secondly this work concentrates on the analysis of the two novels Aspects of *The British Museum is Falling Down* which are central to Lodge's literature are analysed Notably Realism Intertextuality and Catholic aspects Furthermore the same crucial aspects of *How far can you go* are analysed focusing on Catholic context As a final step the two novels are compared in a literary and Catholic context Considering the elaborated aspects of the two novels ideas are established of how Catholic society has developed and how it has rebelled against the Church over the time

Tamil Heroic Poetry K. Kailasapathy, 2023-07-19 An elegant and thorough examination of the riches of Sangam poetry In this acclaimed comparative study K Kailasapathy the celebrated Sri Lankan academic and critic introduces and interprets ancient Tamil poems and examines the stylistic heritage themes and motifs pervading Sangam poetry while building the literary corpus's bridge to heroic poetry in other languages most notably Greek He identifies the formulaic expression stock phrases and overarching sensibilities pervasive in the poems and going much against the popular grain expands on the notion that oral verse making is central to Sangam poetry A nod to Milman Parry this deeply necessary exploration of our neglected past is an engaging and accessible discourse on one of our most fertile literary ages and with much agility connects the dots in studying early Tamil poetry for a modern reader
