Audit Committee Financial Literacy Roman L. Weil, 2005 We review the history of financial literacy as it applies to public company audit committees we report on a financial literacy quiz that we have given to over 1 400 members of corporate boards not all audit committee members We develop a classification to score the potential of corporate audit committees to be financially literate as defined in this paper based on listing requirements of the NYSE as promulgated late in 1999 We score audit committees of approximately 300 large companies in 2000 and 2004 and of a subsample in 1996 as well We find that scores did not change between 1996 and 2000 but have improved significantly since Still the audit committees have room for improved financial literacy in the sense that we define We also find evidence of superior stock market returns to companies who have improved the potential for financial literacy as we measure it of their audit committees over the last four years The improvers in our sample enjoyed annualized abnormal excess returns of 4.6 percent per year more than those which did not improve
