### Our Biggest

Fight Frank H. McCourt, Jr.,2024-03-12 NATIONAL BESTSELLER The internet as we know it is broken Here's how we can seize back control of our lives from the corporate algorithms and create a better internet before it's too late In the spirit of Thomas Paine's Revolution era Common Sense this manifesto challenges us to create new digital architectures to safeguard democracy Walter Isaacson 1 New York Times bestselling author of Elon Musk It was once a utopian dream But today's internet despite its conveniences and connectivity is the primary cause of a pervasive unease that has taken hold in the US and other democratic societies It's why youth suicide rates are rising why politics has become toxic and why our most important institutions are faltering Information is the lifeblood of any society and our current system for distributing it is corrupted at its heart Everything comes down to our ability to communicate openly and trustfully with each other But thanks to the dominant digital platforms and the ways they distort human behavior we have lost that ability while at the same time we've been robbed of the data that is rightfully ours The roots of this crisis argue Frank McCourt and Michael Casey lie in the prevailing order of the internet In plain but forceful language the authors a civic entrepreneur and an acclaimed journalist show how a centralized system controlled by a small group of for profit entities has set this catastrophe in motion and eroded our personhood And then they describe a groundbreaking solution to reclaim it rather than superficial patchwork regulations we must reimagine the very architecture of the internet The resulting third generation internet would replace the

status quo with a new model marked by digital property rights autonomy and ownership Inspired by historical calls to action like Thomas Paine s Common Sense Our Biggest Fight argues that we must act now to embed the core values of a free democratic society in the internet of tomorrow Do it right and we will finally properly unlock its immense potential

Hannah Westlake,2018    **Macroeconomía** Cué Mancera, Agustín, En este libro se utiliza un lenguaje directo para transmitir las ideas macroeconómicas a los estudiantes de igual manera se incorporan numerosos ejemplos analíticos y comentarios referidos a sucesos económicos ocurridos en nuestro país. Asimismo se considera que para el estudiante es fundamental conocer el contexto social y político en el cual se desenvuelven los acontecimientos económicos que se analizan. De otra manera quedaría la falsa impresión de que estos surgen de la nada y ocurren en el vacío. Este libro cuenta con tres capítulos dedicados al análisis de la política económica en México, comenzando con el gobierno de Luis Echeverría 1970-1976 y continúa con los de José López Portillo 1976-1982, Miguel de la Madrid 1982-1988, Carlos Salinas 1988-1994, Ernesto Zedillo 1994-2000, Vicente Fox 2000-2006, Felipe Calderón 2006-2012 hasta los años recientes del gobierno de Enrique Peña Nieto 2012-2018
