Start building your knowledge and confidence while bringing your vision to light with the Nikon Z9 or Z8 today.

Speedlights & Speedlites Lou Jones, 2012-11-12. Canon Speedlites and Nikon Speedlights are small off camera flashguns that can provide big results if you know how to use them properly. Acclaimed Boston photographers Lou Jones, Bob Keenan and Steve Ostrowski guide you through the technical and creative aspects of how to get the most out of these powerful tools in this indispensable guide packed full of inspirational images and comprehensive diagrams of the lighting set ups used to capture them. They are significantly more advanced, lighter and considerably cheaper than a standard flashgun and have many advantages. They are small and cheap enough that a number can be carried in your kit and they can be used in combination triggered wirelessly. They use through the lens TTL metering which allows you to use the in camera LCD and histograms to calculate the required power direction rather than having to use a light meter or trial and error. They use proprietary dedicated technology from Canon and Nikon that means there are no compatibility issues. Getting the most out of them however remains a mystery most photographers still just use their speedlights in the same way as a standard flash gun. This is where this book comes in.

David Busch's Nikon Z6 Guide to Digital Photography David D. Busch, 2019-01-30. David Busch's Nikon Z6 Guide to Digital Photography is your all in one comprehensive resource and reference for the exciting and affordable Nikon Z6 compact mirrorless camera. The information in this book goes beyond the camera itself and also covers basic photography technique.

Shoot Macro Stan Sholik, 2014-07-21 Macro photography has been surging in popularity especially online with social media and internet marketplaces. No matter what your area of interest is, you'll find techniques in this book to create strong macro images in it. Readers will learn how to creatively solve common specific close up and macro photography problems in a wide range of areas. But while lighting, lenses, equipment and techniques are discussed in detail for each image, so is the creative process. Why compose it in this way? Why is this angle better than another? Why would you want everything in focus for one photo but only a small area for another? Readers will be given guidance so they can answer these questions for their own photography.

Mastering the Nikon D500 Darrell Young, 2016-12-13 Mastering the Nikon D500 by Darrell Young provides a wealth of experience based information and insights for owners of the new D500 camera. Darrell is determined to help the user navigate past the confusion that often comes with complex and powerful professional camera equipment.
