The Last Day the Dogbushes Bloomed Lee Smith, 1994-03-01 That whole summer is as clear and as still in my head as the corsage under the glass bell in Mrs Tate s parlor Even now summers and summers since I can remember everything I remember the day summer started So begins Lee Smith s disarming first novel written while she was an undergraduate at Hollins College and a winner in 1968 of the Book of the Month Club Writing Fellowship Contest The Last Day the Dogbushes

Bloomed set in a small southern town at midcentury tells the story of nine year old Susan for whom the first bright carefree promise filled days of summer slowly evolve into a time of innocence lost and childhood illusions shattered Susan s mother is vain and frivolous her father loving but distracted and her sister several years her senior is coping with the first stirrings of serious love Susan s circle of young friends is joined for the summer by Eugene the frail strange nephew of a neighbor As the months pass Susan witnesses the disintegration of her parents marriage and learns from Eugene the cruelty people sometimes resort to Lyrical and fanciful in spite of its dark moments *The Last Day the Dogbushes Bloomed* puts on ample display the remarkable talent that has made Lee Smith one of our most popular writers of fiction **American Soldiers**

Peter S. Kindsvatter,2003-04-03 Some warriors are drawn to the thrill of combat and find it the defining moment of their lives Others fall victim to fear exhaustion impaired reasoning and despair This was certainly true for twentieth century American ground troops Whether embracing or being demoralized by war these men risked their lives for causes larger than themselves with no promise of safe return This book is the first to synthesize the wartime experiences of American combat soldiers from the doughboys of World War I to the grunts of Vietnam Focusing on both soldiers and marines it draws on histories and memoirs oral histories psychological and sociological studies and even fiction to show that their experiences remain fundamentally the same regardless of the enemy terrain training or weaponry Peter Kindsvatter gets inside the minds of American soldiers to reveal what motivated them to serve and how they were turned into soldiers He recreates the physical and emotional aspects of war to tell how fighting men dealt with danger and hardship and he explores the roles of comradeship leadership and the sustaining beliefs in cause and country He also illuminates soldiers attitudes toward the enemy toward the rear echelon and toward the home front And he tells why some broke down under fire while others excelled Here are the first tastes of battle as when a green recruit reported that for the first time I realized that the people over the ridge wanted to kill me while another was befuddled by the unfamiliar sound of bullets whizzing overhead Here are soldiers struggling to cope with war s stress by seeking solace from local women or simply smoking cigarettes And here are tales of combat avoidance and fraggings not unique to Vietnam of soldiers in Korea disgruntled over home front indifference and of the unique experiences of African American soldiers in the Jim Crow army By capturing the core band of brothers experience across several generations of warfare Kindsvatter celebrates the American soldier while helping us to better understand war s lethal reality and why soldiers persevere in the face of its horrors *Creating and Failing the 9/11*

Generation Matthew Warshauer,2024-07-12 Through a chronological and thematic approach this book examines the terrorist attacks on September 11 2001 and the effect on what President George W Bush recognized as the 9 11 Generation By providing cultural and generational context to 9 11 and its impact on the U S this book is the first study to ensure that the voices of this young generation are put at the forefront of analysis *Creating and Failing the 9 11 Generation* answers what happened and why but more importantly it reveals the importance of broader themes and ideas such as foreign policy

security patriotism the U S military and American democracy The final chapter 9 11 and the World places the events in America on a global scale and demonstrates how 9 11 has remained and will remain significant to understanding how different places and cultures interact with each other in the modern world Creating and Failing the 9 11 Generation is useful for all students who study U S foreign relations terrorism warfare memory studies and the history of modern America *The Go-Between* L.P. Hartley,2011-11-30 The past is a foreign country they do things differently there Summering with a fellow schoolboy on a great English estate Leo the hero of L P Hartley s finest novel encounters a world of unimagined luxury But when his friend s beautiful older sister enlists him as the unwitting messenger in her illicit love affair the aftershocks will be felt for years The inspiration for the brilliant Joseph Losey Harold Pinter film starring Julie Christie and Alan Bates *The Go Between* is a masterpiece a richly layered spellbinding story about past and present na vet and knowledge and the mysteries of the human heart This volume includes for the first time ever in North America Hartley s own introduction to the novel

Post-9/11 Historical Fiction and Alternate History Fiction Pei-chen Liao,2020-09-19 Drawing on theories of historiography memory and diaspora as well as from existing genre studies this book explores why contemporary writers are so fascinated with history Pei chen Liao considers how fiction contributes to the making and remaking of the transnational history of the U S by thinking beyond and before 9 11 investigating how the dynamics of memory as well as the emergent present influences readers reception of historical fiction and alternate history fiction and their interpretation of the past Set against the historical backdrop of WWII the Vietnam War and the War on Terror the novels under discussion tell Jewish Japanese white American African Muslim and Native Americans stories of trauma and survival As a means to transmit memories of past events these novels demonstrate how multidirectional memory can be not only collective but connective as exemplified by the echoes that post 9 11 readers hear between different histories of violence that the novels chronicle as well as between the past and the present **A Lay Preacher but Gods Word?** A Sinner,2013-02-18 A Sinner was a 33 year old ordinary English working class man content and happy with his family life One day he curiously attends a Christian Fellowship in a local community centre After many visits and much thought he eventually accepts Christ as his personal saviour Two years later he finds he is given a preaching commitment Here is his lay preachers notes of some 20 years biblical expositions with historical and contemporary commentaries It is a warts and all record not only of serious scriptural sermons but also on church and personal life experiences some humorous some tragic He is critical of much of established religion and the fact he reluctantly uses a pen name tells of his fears of the changing face of his country and shows his belief that much of its freedoms for Christians and free speech in general has been and is being lost He holds no theological exams or college training and does not qualify for what he describes as the hindrance of a dog collar but believes in Gods Holy Spirit that has and does convict man if mans heart is willing to be open to Him So are any or any part of these words Gods word Thats for you with the Holy Spirit to decide Nabokov's Secret Trees Stephen H. Blackwell,2024-06-03 In nearly all his literary

works Vladimir Nabokov inscribed networks of trees to create meaningful patterns of significance around one or more of his passionate interests in consciousness memory creativity epistemology ethics and love with a deep connection to nature serving as a constant undercurrent Nabokov's *Secret Trees* explores this neglected area of his art one that positions nature as a hidden but vital core of his work The book presents an entirely new previously unsuspected Nabokov one who crafts intricate patterns of arboreal imagery lurking behind his often baroque psychological narratives It reveals how Nabokov activates arboreal potentials by exploring the hidden ubiquity of trees their essence as complex natural phenomena and their role as quiet presences that have accompanied and fostered human civilization and art since their beginnings The book uncovers how trees offer a rich and intricate field for structural semantic allusive and metaphorical exploration Based on the published corpus as well as archival materials Nabokov's *Secret Trees* demonstrates that trees not only populate Nabokov's art in stunning yet furtive abundance but also as mysterious natural entities directly animating his works worlds and his readers experience of them

illuminating example of cognitive dissonance In addition each case study is contextualized with more typical behaviour while the latest thinking in each sub field is also discussed Classic Case Studies in Psychology is accessibly written and requires no prior knowledge of psychology just an interest in the human condition It is a book that will amaze sometimes disturb but above all enlighten its readers **Cincinnati Magazine** ,2008-07 Cincinnati Magazine taps into the DNA of the city exploring shopping dining living and culture and giving readers a ringside seat on the issues shaping the region

Anthropologists in a Wider World Paul Dresch,Wendy James,David J. Parkin,2000 The tradition of intensive fieldwork by a single anthropologist in one area has been challenged by new emphasis on studying historical patterns wider regions and global networks Some anthropologists have started their careers from the new vantage point amidst a chorus of claims for innovative methodologies Others have lived through these changes of perspective and are able to reflect on them while re evaluating the place of fieldwork within the broader aims of general anthropology This book explores these transformations of world view and approach as they have been experienced by anthropological colleagues a number of whom began their work very much in the earlier tradition They cover experiences of field research in Africa Papua New Guinea South America Central and South Asia Europe the Middle East Indonesia Japan and China Constant through the chapters is a distinctively qualitative empirical approach once associated with the village but now being developed in relation to large scale or dispersed communities **New York Magazine** ,1994-12-05 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
