Al Qaeda Declares War Tod Hoffman,2014-06-03 Three years before the events of 9 11 Osama bin Laden sent al Qaeda suicide bombers on a coordinated attack to destroy the U S embassies in Nairobi Kenya and Dar es Salaam Tanzania That day August 7 1998 more than two hundred people were killed and thousands were wounded Responding immediately the FBI launched the largest international investigation in its history Within months suspects were arrested in six countries The U S Attorney for the Southern District of New York indicted twenty two individuals including the elusive bin Laden In February 2001 a landmark trial of four of the accused was held in Manhattan in the shadow of the World Trade Center Al Qaeda Declares War The African Embassy Bombings and America s Search for Justice explores the step by step procedures the United States employed in analyzing these attacks identifying the suspects tracking down and apprehending them building a case and prosecuting them It is this case that established the legal basis for hunting down bin Laden and the trial makes for a gripping courtroom drama in which the robust principles of American justice confront the fanaticism of true believers Tod Hoffman argues forcefully that the process after the 1998 incident stands in marked contrast to the illegal detention torture and abrogation of rights that followed 9 11 Indeed

reverberations from the African embassy bombings continue in the ongoing hunt for perpetrators still at large and in targeted killings by drones Al Qaeda Declares War dramatically recounts the terror and bloodshed of that day in Africa and shows that America's search for justice afterward offers important lessons for today *Intelligence and Surprise Attack* Erik J. Dahl, 2013-07-19 How can the United States avoid a future surprise attack on the scale of 9/11 or Pearl Harbor in an era when such devastating attacks can come not only from nation states but also from terrorist groups or cyber enemies Intelligence and Surprise Attack examines why surprise attacks often succeed even though in most cases warnings had been available beforehand Erik J Dahl challenges the conventional wisdom about intelligence failure which holds that attacks succeed because important warnings get lost amid noise or because intelligence officials lack the imagination and collaboration to connect the dots of available information Comparing cases of intelligence failure with intelligence success Dahl finds that the key to success is not more imagination or better analysis but better acquisition of precise tactical level intelligence combined with the presence of decision makers who are willing to listen to and act on the warnings they receive from their intelligence staff The book offers a new understanding of classic cases of conventional and terrorist attacks such as Pearl Harbor the Battle of Midway and the bombings of US embassies in Kenya and Tanzania The book also presents a comprehensive analysis of the intelligence picture before the 9/11 attacks making use of new information available since the publication of the 9/11 Commission Report and challenging some of that report's findings *Terrorism in East and West Africa* Nick Ridley, 2014-12-31 Since 9/11 despite extensive international efforts against global terrorism there has been a misfocussing on the terrorism in Africa This timely book draws upon the author's experience as a former intelligence analyst to give an account of terrorism in Africa *Osama* Lavie Tidhar, 2012-10-09 WINNER OF THE 2012 WORLD FANTASY AWARD FOR BEST NOVEL Lavie Tidhar was in Dar es Salaam during the American embassy bombings in 1998 and stayed in the same hotel as the Al Qaeda operatives in Nairobi Since then he and his now wife have narrowly avoided both the 2005 King's Cross and 2004 Sinai attacks experiences that led first to his memorable short story My Travels with Al Qaeda and later to the creation of Osama In a world without global terrorism Joe a private detective is hired by a mysterious woman to find a man the obscure author of pulp fiction novels featuring one Osama Bin Laden Vigilante An awesome book dark twisty alt universe terrorist noir Lauren Beukes author of Zoo City Bears comparison with the best of Philip K Dick's paranoid alternate history fantasies It's beautifully written and undeniably powerful The Financial Times Not a writer to mess around with half measures brings to mind Philip K Dick's seminal science fiction novel The Man in the High Castle The Guardian A strange melancholy and moving reflection torquing politics with the fantastic and vice virtuosically versa bestselling author China Miéville The author is young ambitious skilled and original Osama is an ingenious inversion of modern history excellent evocative and atmospheric bestselling author Christopher Priest Intensely moving Interzone *War on Terror* Grant R.
