James Ellroy and Voyeur Fiction Nathan Ashman, 2018-10-15 James Ellroy is an acclaimed yet controversial popular novelist Since the publication of his first novel Brown s Requiem in 1981 Ellroy s eccentric Demon Dog persona and his highly stylized often pornographically violent crime novels have continued to polarize both public and academic opinion This book addresses the voyeuristic dimensions of Ellroy s fiction one of the most significant yet underexplored issues in his work Focusing exclusively on Ellroy s two collections of epic noir fiction The L A

Quartet and The Underworld U S A Trilogy it critically reflects on a vivid preoccupation with eyes visual culture and visual technologies that spans across both these bodies of work Using a combination of psychoanalysis and postmodern and cultural theory Nathan Ashman argues that Ellroy s fiction traces the development of the voyeur from a deviant and perverse peeping tom into a recognizable contemporary social type a paranoid and obsessive viewer who is a product of the decentered and hallucinatory cinematic world that he inhabits In particular James Ellroy and Voyeur Fiction illuminates a convergence between voyeurism and recurring patterns of ocularcentric crisis in Ellroy s texts as characters become continually unable to understand or interpret through vision Alongside a thematic analysis of obsessive watching Ashman also argues that Ellroy s works particularly his later novels are themselves voyeuristic implicating the reader in these broader narrative patterns of both visual and epistemophilic obsession **Judge This** Chip Kidd,2015-06-02 First impressions are everything They dictate whether something stands out how we engage with it whether we buy it and how strongly we feel In Judge This the reader travels through a day in the life of renowned designer Chip Kidd as he takes in first impressions of all kinds We follow this visual journey with Kidd as he encounters and engages with everyday design breaking down the good the bad the absurd and the brilliant as only a designer can From the design of the paper you read in the morning to the subway ticket machine to the books you browse to the smartphone you use to the packaging for the chocolate bar you buy as an afternoon treat Kidd will reveal the hidden secrets behind each of the design choices with a healthy dose of humour expertise and judgment
