What Is Moderate Islam? Richard L. Benkin, 2017-04-12 Radical Islam is a major affliction of the contemporary world Each year radical Islamists carry out terrorist attacks that result in a massive death toll almost all involving noncombatants and innocents Estimates of how many Muslims could be considered followers of radical Islam vary widely and there are few guides to help determine moderates versus radicals Observers often sit at the extremes either seeing all Muslims as open or closeted jihadis or recoiling from any attempt to link Islam with international terror Both positions are overly simplistic and the lack of rational principles to absolve the innocent and identify the accomplices of terror has led to governments and individuals mistakenly accepting jihadis as moderate What is Moderate Islam brings together an array of scholars Muslims and non Muslims to provide this missing insight This wide ranging collection examines the relationship among Islam civil society and the state The contributors including both Muslims and non Muslims investigate how radical Islamists can be distinguished from moderate Muslims analyze the potential for moderate Islamic governance and challenge monolithic conceptions of Islam

The Cambridge Companion to Sayyid Ahmad

Khan Yasmin Saikia, M. Raisur Rahman, 2019-03-21 This volume examines Sayyid Ahmad Khan's life, his contribution and legacy in the context of current times. The editors engage his writings, ideas and activities to read and present his work critically, not as a biographical account of his life but approach his work keeping in mind the tumultuous political events and changes of the nineteenth century after the failed revolt of 1857 when Indians were transformed into colonial subjects. The collective anxieties of the Indian communities, particularly the Muslims, cried out for a new local leadership. Sayyid Ahmad Khan rose up to this occasion, etching the way forward for Indians in general and Muslims in particular. Sayyid Ahmad Khan's multifaceted work offers an important understanding for national thinking emerging from the location of the Muslim, but it is not a minority voice with vested political interests; rather, a constructive and integrative voice of relevance even today for addressing difficult problems.

Islam and Nationalism in India M.T. Ansari, 2015-10-30 Islam in India, as elsewhere, continues to be seen as a remainder in its refusal to conform to national and international secular modern norms. Such a general perception has also had a tremendous impact on the Muslims of the Indian subcontinent who, as individuals and communities, have been shaped and transformed over centuries of socio-political and historical processes by eroding their world view and steadily erasing their life worlds. This book traces the spectral presence of Islam across narratives to note that difference and diversity, demographic as well as cultural, can be espoused rather than excised or exorcized. Focusing on Malabar, home to the Mappila Muslim community in Kerala, South India, and drawing mostly on Malayalam sources, the author investigates the question of Islam from various angles by constituting an archive comprising popular, administrative, academic and literary discourses. The author contends that an uncritical insistence on unity has led to a formation in which minor subjects embody an excess of identity in contrast to the Hindu citizen whose identity seemingly coincides with the national. This has led to Muslims being the source of a deep-seated anxiety for secular nationalism and the targets of a resurgent Hindutva in that they expose the fault lines of a geographically and socio-culturally unified nation. An interdisciplinary study of Islam in India from the South Indian context, this book will be of interest to scholars of modern Indian history, political science, literary and cultural studies, and Islamic studies.

The Perfect Message Darul Ihsan Humanitarian Centre, 2024-02-05 Allamah Sayyid Sulaiman Nadwi

India, Bharat and Pakistan J Sai Deepak, 2022-08-23 India, Bharat and Pakistan, the second book of the Bharat Trilogy, takes the discussion forward from its bestselling predecessor *India That Is Bharat*. It explores the combined influence of European and Middle Eastern colonialities on Bharat as the successor state to the Indic civilisation and on the origins of the Indian Constitution. To this end, the book traces the thought continuum of Middle Eastern coloniality from the rise of Islamic Revivalism in the 1740s following the decline of the Mughal Empire, which presaged the idea of Pakistan until the end of the Khilafat Movement in 1924, which cemented the road to Pakistan. The book also describes the collaboration of convenience that was forged between the proponents of Middle Eastern coloniality and the British colonial establishment to the detriment of the Indic civilisation. One of the objectives of this book is to help the

reader draw parallels between the challenges faced by the Indic civilisation in the tumultuous period from 1740 to 1924 and the present day Its larger goal remains the same as that of the first which is to enthuse Bharatiyas to undertake a critical decolonial study of Bharat s history especially in the context of the Constitution so that the religiosity towards the document is moderated by a sense of proportion perspective and purpose

Another India Pratinav Anil,2023-06-15 Another India tells the story of the world s biggest religious minority Weaving together vivid biographical portraits of a wide range of Indian Muslims elite and subaltern secular and clerical activist and apolitical it brings the experience of the country s Muslims under a single focus and by throwing light on the Indian Muslim condition during the first thirty years of independence reflects on the true character of democratic India What we have here is a rather different picture from received accounts of the world s largest democracy Challenging traditional histories of Nehru s India Pratinav Anil shows that minority rights were neglected right from independence Despite its best intentions the Congress regime that ruled for three decades was often illiberal intolerant and undemocratic Muslims had to contend with discrimination disadvantage deindustrialization dispossession and disenfranchisement as well as an unresponsive leadership Anil demonstrates how the Muslim elite encouraged depoliticization taking up seemingly noble but largely inconsequential causes with little bearing on the lives of ordinary members of the community There was no room for mass protests or collective solidarity in this version of Muslim politics Another India explores this elite betrayal whose consequences are still felt by India s 200 million Muslims today
