the world to bridge the cultural divide to promote care for the poor and homeless Similar to the COVID 19 coronavirus God's grace love and forgiveness have no borders The world is in desperate need of spiritual cure and revival across borders It is a world in constant chaos and turmoil instigated and promulgated by politicians and business and country leaders ethical misbehaviour across the globe hearts and minds contaminated by a deadly infected cancerous disease for example lust arrogance and greed fraudulent and corrupt hearts and minds an extremism philosophy and theology in its own right The author sadly lost his wife in 2010 due to breast cancer In 2011 he was on the verge of becoming a tramp in the streets of South Africa Yes a highly qualified individual with years of experience as a financial manager in a big corporate company with 8 years high level academic accomplishments If people ask him How was it possible he will tell them it is very possible it all depends on every individual's personal circumstances God the Oneness knows every hair on your head He loves and cares about you anyway wherever and whatever you are The author lived and worked for seven years of his career as a cost engineer for a large oil and gas company in Saudi Arabia He also previously worked as financial manager for a joint venture oil and gas company in Iran Arya Sasol Polymer Company ASPC a joint venture company with 50 per cent ownership from oil and gas company National Petroleum Company NPC Iran and 50 per cent ownership from oil and gas company Sasol South Africa Both companies were represented on the ASPC board by three directors respectively He had the joy and fulfilment of visiting many countries during his short life apart from working and living in Saudi Arabia and Iran A journey always has a starting and a finishing point starting life from fertilisation to an unborn fruit in the womb of your mother until you pass on to something much bigger and better eternal life heavenly freedom and peace in the presence of God the Creator and oneness In the book Saudi Arabia and Iran are extensively discussed to provide insight to the reader The two countries are uniquely different but in many ways the same The author attempts to give the reader a glimpse of life as an expatriate worker in both countries Saudi Arabia and Iran a journey never to forget or to regret a humble faithful committed contribution to mankind in a dynamic and diverse way in a dynamic and diverse multicultural environment In some instances the author feels obliged to speak the truth and only the truth because truth matters for the sake of reflection admission repentance and necessary corrective action by business leaders politicians and governments alike to take a leaf from the author's book of life The Leadership Challenge are discussed using Nelson Mandela a previous president of South Africa as an example to explain the concept of Servant leadership Few images in history are more powerful than that of Nelson Mandela first raised in a dignified grey suit walking after his release from 27 years of imprisonment his short walk to freedom Mandela was only 44 years old when he was given a life sentence by the apartheid regime for his leadership of the African National Congress an organisation outlawed by the South African government for its anti apartheid actions and positions After providing the reader with evidential background the last two chapters deal with the author's personal experiences in Iran and Saudi Arabia respectively two countries that are way apart from each other The two countries apart from being constantly in conflict with

each other are also in conflict with other countries because of their deeply rooted differences in religion and cultures but more so because of their greed and love for oil or black gold They are ways apart and indifferent but with so much in common Recent Trends in International Migration of Doctors, Nurses and Medical Students OECD,2019-07-25 This report describes recent trends in the international migration of doctors and nurses in OECD countries Over the past decade the number of doctors and nurses has increased in many OECD countries and foreign born and foreign trained doctors and nurses have contributed to a significant extent New in depth analysis of the internationalisation of medical education shows that in some countries e g Israel Norway Sweden and the United States a large and growing number of foreign trained doctors are people born in these countries who obtained their first medical degree abroad before coming back The report includes four case studies on the internationalisation of medical education in Europe France Ireland Poland and Romania as well as a case study on the integration of foreign trained doctors in Canada **FDA User Fee Agreements: Improving**
