Xicart, 1996-05-09 The first edition of this book was welcomed with great enthusiasm by teachers and students It therefore seemed opportune to publish a second revised updated and extended edition Unfortunately Professor Flix Serratosa died before he could complete this task Some new material has been added the more significant changes being The book has been restructured into two well differentiated sections Part A dealing with conventional organic synthesis and Part B devoted exclusively to computer assisted organic synthesis and based on the former Chapter 11 and Appendices 2 3 and 4 of the first edition As decided in advance Part B was to be the sole responsibility of Dr Josep Xicart who prepared the first versions of the CHAOS Computerisation and Heuristics Applied to Organic Synthesis program under the direction of Professor Serratosa
