Rhetorical Refusals John Schilb,2007-11-20 The first book to explore rhetorical refusals instances in which speakers and writers deliberately flout the conventions of rhetoric and defy their audiences expectations Rhetorical Refusals Defying Audiences Expectations challenges the reader to view these acts of academic rebellion as worthy of deeper analysis than they are commonly accorded as rhetorical refusals can simultaneously reveal unspoken assumptions behind the very conventions

they challenge while also presenting new rhetorical strategies Through a series of case studies John Schilb demonstrates the deeper meanings contained within rhetorical refusals when dance critic Arlene Croce refused to see a production that she wrote about when historian Deborah Lipstadt declined to debate Holocaust deniers when President Bill Clinton denied a grand jury answers to their questions and when Frederick Douglass refused to praise Abraham Lincoln unequivocally Each of these unexpected strategies revealed issues of much greater importance than the subjects at hand By carefully laying out an underlying framework with which to evaluate these acts Schilb shows that they can variously point to the undue privilege of authority the ownership of truth the illusory divide between public and private lives and the subjectivity of honor According to Schilb rhetorical refusals have the potential to help political discourse become more inventive To demonstrate this potential Schilb looks at some notable cases in which invitations have led to unexpected results comedian Stephen Colbert's brazen performance at the White House Press Association dinner poet Sharon Olds's refusal to attend the White House Book Fair and activist Cindy Sheehan's display of an anti war message at the 2006 State of the Union Address **Rhetorical Refusals** explores rhetorical theories in accessible language without sacrificing complexity and nuance revealing the unspoken implications of unexpected deviations from rhetorical norms for classic political concepts like free debate and national memory With case studies taken from art politics literature and history this book will appeal to scholars and students of English communication studies and history

Ralph Ellison and Kenneth Burke at the Roots of the Racial Divide Bryan Crable,2012 Ralph Ellison and Kenneth Burke focuses on the little known but important friendship between two canonical American writers The story of this fifty year friendship however is more than literary biography Bryan Crable argues that the Burke Ellison relationship can be interpreted as a microcosm of the American racial divide Through examination of published writings and unpublished correspondence he reconstructs the dialogue between Burke and Ellison about race that shaped some of their most important works including Burke s *A Rhetoric of Motives* and Ellison s *Invisible Man* In addition the book connects this dialogue to changes in American discourse about race Crable shows that these two men were deeply connected intellectually and personally but the social division between white and black Americans produced hesitation embarrassment mystery and estrangement where Ellison and Burke might otherwise have found unity By using Ellison s nonfiction and Burke s rhetorical theory to articulate a new vocabulary of race the author concludes not with a simplistic healing of the divide but with a challenge to embrace the responsibility inherent to our social order American Literatures Initiative *Communist Entrenchment and Religious Persecution in China and Vietnam* United States. Congress. House. Committee on International Relations. Subcommittee on International Operations and Human Rights,2002 *How to Say it* Rosalie Maggio,2001 The second edition of this popular one of a kind book is updated with ten new chapters **Teacher's Guide** Brenda Van Dixhorn,2012-09-30 This Teacher s Guide creates a common language for the school teachers and parents With ideas and supporting materials for simple effective family night activities centered around a content area teachers can easily encourage parent involvement These fun and easy to implement activities help acquaint parents and students with the prekindergarten classroom giving students a more cohesive learning environment [Annual Letter 2003-2004](#) International Institute of Tropical Forestry (Río Piedras, San Juan, P.R.),2008 **Commerce Business Daily** ,2000 **Doubly Erased** Allison E. Carey,2023-07-01 The first book of its kind *Doubly Erased* is a comprehensive study of the rich tradition of LGBTQ themes and characters in Appalachian novels memoirs poetry drama and film Appalachia has long been seen as homogenous and tradition bound Allison E Carey helps to remedy this misunderstanding arguing that it has led to LGBTQ Appalachian authors being doubly erased routinely overlooked both within United States literature because they are Appalachian and within the Appalachian literary tradition because they are queer In exploring motifs of visibility silence storytelling home food and more

Carey brings the full significance and range of LGBTQ Appalachian literature into relief Dorothy Allison's *Bastard Out of Carolina* and Alison Bechdel's *Fun Home* are considered alongside works by Maggie Anderson, Doris Davenport, Jeff Mann, Lisa Alther, Julia Watts Fenton, Johnson, and Silas House as well as filmmaker Beth Stephens. While primarily focused on 1976 to 2020, *Doubly Erased* also looks back to the region's literary elders thoughtfully mapping the place of sexuality in the lives and works of George Scarbrough, Byron Herbert Reece, and James Still.
