Tomlinson, 2015-07-19 Photographer and writer Shawn M Tomlinson author of the Photo Curmudgeon column and books explains in detail the joys of working with a professional albeit older DSLR the Nikon D1 In fact you can put your hands on a professional DSLR body and a lens for around 200 if you really want to know what all the fuss is about Tomlinson writes No I'm not talking about a Nikon D4S that fell off a truck I'm talking about the very first ground up DSLR for the professional market The Nikon D1 The author covers buying and working with the Nikon D1 illustrating points with many D1 photos In the second part Tomlinson explains the usefulness of prime lenses He considers

the uses advantages and disadvantages and provides a conversational approach to making the move to primes In this short guide I give you some pointers about what prime lenses do what type you may need for your particular photographic vision and how to choose what you need Tomlinson writes **Night Photography and Light Painting** Lance Keimig,2015-05-15 Lance Keimig one of the premier experts on night photography has put together a comprehensive reference that will show you ways to capture images you never thought possible This new edition of Night Photography presents the practical techniques of shooting at night alongside theory and history illustrated with clear concise examples and charts and stunning images From urban night photography to photographing the landscape by starlight or moonlight from painting your subject with light to creating a subject with light this book provides a complete guide to digital night photography and light painting

The Film Photography Book Shawn M. Tomlinson,2016-07-24 Film is back And about time too We just were getting a little too comfortable with the idea of snapping selfies on our dumb phones at the ends of vanity sticks when film returned to slap us up Film is not for the faint of heart It takes serious effort serious time It costs money for each frame from buying the film to paying to develop it or developing it in a film tank Only those interested in the unique and fantastic look of film will brave this path The Film Photography Book is for us those interested in all aspects of film photography from choosing cameras and lenses to choosing film and subjects to buying chemicals and processing The book can serve as a refresher to those who now are returning to film photography after a long absence and as a getting started course for those who never shot film in their lives It s an adventure a new Voyage of Photography part of Shawn M Tomlinson s Guide to Photography Series the beginning of a sub series about film photography Come on along **A Photo Curmudgeon's Tale** Shawn M. Tomlinson,2015-06-17 Long time columnist and lifelong photographer Shawn M Tomlinson writes about the art and technique of photography with wit and humor He focuses in his Photo Curmudgeon columns on getting started in as well as moving into advanced photography Instead of concentrating upon the newest shiniest photographic equipment Tomlinson works with all levels of older equipment makes recommendations and recounts his own Voyages of Photography He helps the novice get started with higher end older cameras and lenses and helps with photo editing suggestions and techniques

Photography: Choosing Your Film SLR Shawn M. Tomlinson, 2018-02-22 Film cameras the bodies themselves have little to do with image quality Lenses are far more important to image quality than camera bodies So as long as your camera has accurate shutter speeds aperture settings and metering the brand you pick doesn't really have much of an effect upon the final image So then it appears the model camera you choose is irrelevant Well no The type of film SLR camera you choose is most important to you as the photographer in features and convenience Comfort has a lot to do with how good you are as a photographer What I mean by that is that you choose a camera that feels comfortable in your hands and becomes an extension of your brain as a photographer This makes it easier to capture the types of images you want **Photography: Getting Started Expanded Edition** Shawn M. Tomlinson, 2017-07-25 In the ninth volume of Shawn M Tomlinson's Guide to Photography the author finally gets around to directly helping the novice photographer move from smartphone cameras to serious cameras In this expanded edition the basics of how to make great photos and launch into serious photography are explained Everything from aperture shutter speed ISO and shooting modes to composition and photo processing get a thorough treatment It's a great starting point for the budding photographer *American Photo*, 2006-07 *The British Journal of Photography*, 2008 *Photo Fusion* Jennifer Bebb, 2011-03-01 A full color reference and DVD package covers shooting and editing a successful multimedia project With the introduction of dSLRs with high definition video functionality a new world of multimedia capture has been opened to digital photographers This book shows you how to embrace the exciting new option of photo fusion by incorporating digital video content with your photography The author duo guides you through creating seamless multimedia presentations that maximize both still frame and video photography functions on your dSLR From the setting up and shooting to downloading editing and presenting a multimedia project this book clearly explains how to move beyond stills into the exciting world of multimedia creation Encourages you to embrace the exciting possibilities of photo fusion in the field of wedding photography Explains how to incorporate digital video content with photography Walks you through all of the necessary steps for shooting and editing a memorable multimedia creation Details every aspect involved in setting up shooting downloading editing and presenting a multimedia project Features more than 200 color images and an indispensable DVD of inspiring examples Packed with more than 200 stunning images and featuring a 45 minute DVD *Photo Fusion* presents you with inspiration and instruction so you can create your own multimedia projects Note CD ROM DVD and other supplementary materials are not included as part of eBook file *Digital Masters - Adventure Photography* Michael Clark, 2010 This beautifully produced guide by Michael Clark is the newest entry in the series as well as the first book on a fast growing photographic genre shooting today's popular extreme outdoor sports from mountain biking and ice climbing to surfing BASE jumping and more Clark is one of the world's most respected adventure photographers and he offers sage advice gained from years of hard earned experience on equipment techniques and the specific skills required to get in on the action Learn to capture fast moving subjects and deal with harsh conditions and horrible weather even when
