Environmental Performance Auditing in the Public Sector Awadhesh Prasad, 2018-06-14 Environment and sustainable development challenges are a matter of global concern Trillions of dollars of mostly public money are invested every year in domestic and international policies and programs to address these challenges The effectiveness of these policies and programs is critical to environmental sustainability Performance audits that examine the effectiveness of governmental policies and programs heavily influence their implementation Despite this performance auditing in the environment field has received very little academic attention This book takes a closer look at performance auditing of public sector environmental policies and programs It examines trends in global environmental performance auditing and how it is currently practiced drawing on a global survey and case studies from Canada India and Australia In doing so it identifies issues and challenges faced by Supreme Audit Institutions in undertaking these performance audits This book will be of interest to students scholars and practitioners of sustainable development environmental auditing and public sector auditing as well as to donor organisations engaged in these areas

Dynamics of New Panchayati Raj System in India: Select states G. Palanithurai, 2002 Contributed articles

Fiscal Control of Pollution Rajat Verma, 2021-07-08 This volume analyses the process and structure of ecotaxes in India to bring forth its rationale application and incidence on emerging environmental problems on the backdrop of the environmental issues confronted by the Indian economy Being at infant stage in India the concept of ecotaxes is plagued with large empirical difficulties This book provides a holistic understanding of the complexities in the design and implementation of these fiscal instruments at the country level After elaborating on the theory history of its applications the book provides an innovative methodological exercise It examines the adequacy and relevance of ecotaxation in the Indian context along with ensuring that the distortions due to the proposed levy are minimised The incidence of these taxes on the households the double dividend hypothesis and the effect on competitiveness of the producer are a few of the core themes elaborated upon in this book This is demonstrated through a linear general equilibrium framework of Environmentally extended Social Accounting Matrix E SAM The book provides material for the researchers and graduate students on the methodological structure of eco taxes The proposed methodological intervention could be utilised by the researchers who wish to analyse the macroeconomic impact of any tax through the framework of Social Accounting Matrix SAM Additionally the process as well as the implications and nuances provided in the book will assist the policy makers to design innovative policies for dealing with environmental issues The volume also has something for the practitioners by helping them comprehend various effects of these instruments on different stake holders of the economy and thus will be useful as a policy prescription The three policy scenarios analysed in this study could be considered by the policymakers while attempting to design these instruments in the Indian context and thus ending the extensive reliance on the age old and grossly ineffective Command and Control CAC Policies

Making Governments Accountable Zahirul

Hoque,2015-05-15 Over the past two decades there has been a paradigm shift in public administration and public sector accounting around the world with increasing emphasis on good governance and accountability processes for government entities This is all driven both by economic rationalism and by changing expectations of what governments can and should do An important aspect of this accountability and governance process is the establishment and effective functioning of a Public Accounts Committee PAC a key component of democratic accountability With contributions from renowned scholars and practitioners and using case studies from around the world this research based collection examines the rationales for current roles of the PACs and explores the links between PACs and National Audit Offices It also compares PAC practices from developing and developed countries such as Africa Asia Pacific islands and Europe with both Westminster and non Westminster models of government This will be valuable reading for academics researchers and advanced students in public management public accounting and public sector governance Performance Audit Report on the Management of Inspection of Imported Goods in Tanzania as Performed by the Tanzania Bureau of Standards Tanzania.
