PARLIAMENT LIMITS THE ENGLISH MONARCHY

From 1485 to 1558, England was ruled by Tudor kings and queens, including Queen Elizabeth I. The Tudors believed in the **divine right of kings**, which means they thought their power came directly from God. However, they also worked with Parliament to help them rule more effectively. Often, Elizabeth I ruled without any attempt to control the House, partly because the House rarely became long in 1558, under the Tudors, the House was not as good at working with Parliament.

The House used Parliament by trying to rule as absolute monarchs, meaning they wanted total control. James I's son, Charles I, caused even more problems, and put people in prison without fair trials, demanded extremely high taxes, and made the House angry by ignoring their laws. When Parliament said no, they lost, Charles said it again. In 1642, this led to the English Civil War between Charles I and Parliament. After seven years of fighting, Parliament won. They put Charles I to the sword, and then from 1649 to 1688, England was ruled by two families (the Stuarts) who were not as good at working with Parliament. For a while, England became a republic called the Commonwealth, with no king at all. But in 1660, Parliament returned Charles II, the son of Charles I, to the throne.

During Charles II's reign, an important law called the **Bill of Rights** was passed in 1689. This law said that the king could not rule on his own without a trial, and that the rights of a judge, it showed the way from improving the justice for the nation.

When Charles I died in 1649, his brother James II succeeded him. James was Catholic, which upset many Protestants in England. He gave important jobs to Catholics and got rid of Parliament when it disagreed with him. In 1688, after James II's wife had a son and would be queen, many Protestants wanted that a Catholic family would rule England again.

To stop this, Parliament asked Mary, James's daughter-in-law, and her husband, William, to rule England. James II fled to France, and there was no fighting. The event was called the **Glorious Revolution**. Before becoming king, William and Mary agreed to the **Bill of Rights**, which gave Parliament more power and said that the king or queen had to work with Parliament. It also gave Parliament control over the country's money. This marked the start of England becoming a constitutional monarchy, where the king or queen's powers are limited by laws, and Parliament.
