

*Therapist:* [. . .] Well, good afternoon. Is it the first time you have come to this therapy center?

*Client:* Hmmm.

*Therapist:* Hmmm, yes, I don't know if you have an idea about where you are or how a therapy center works?

*Client:* Na, no, not really. It is just the doctor who gave me this address and telephone number. The lady just said that I had to come here at this time and for the rest . . . .

*Therapist:* Oh, yes, OK. (00.45)

Maybe I will briefly explain about this center and how it works and, euh, maybe if you also . . . euh, you can pose me the question you have . . .

*Client:* Ah yes, OK.

(00.45)

I feel tense. I think to make a good statement that the client feels as much as possible

Reflective Practice in Psychotherapy and Counselling Jacqui Stedmon, Rudi Dallos, 2009-10-16 Reflective Practice has become established as an essential feature of practice in psychotherapy and counselling in the UK Europe USA and some other parts of the world. However the writing on reflective practice is arguably fragmented and scattered and much of it is highly theoretical and abstract. This book draws together conceptual and ethical issues regarding reflective practice including the meaning and development of the orientation. More importantly it connects theory to day to day practice in psychotherapy and counselling addressing issues such as What does reflective practice look like in practice? How do we develop the skills in carrying it out? What ways does it assist practice? The book offers an exploration of reflective practice within different models of psychotherapy and counselling CBT psycho dynamic and narrative systemic family therapy narrative and community approaches. Throughout it employs a range of illustrations from a variety of clinical contexts to illustrate reflective practice in action. These include work with

children and families adult mental health trauma and abuse learning disability youth offending and bereavement and loss The mix of theoretical background along with practical examples and exercises will be key for students and practitioners in the fields of psychotherapy and counselling The book will be a spur to readers to challenge dominant assumptions and modes of clinical practice and help them fulfil the compulsory requirement for a reflective practice element in their training
