Infancy to IC Theophilus Huang, 2025-08-04 Congratulations to us we are now parents Just like many others before us we scour the Internet and bookshops hoping to find a guide that can tell us how to be good parents Well at the very least we should avoid messing up our parental duties There is a problem we are based in Singapore While this is a great place to live and work it's quite a different story for the kids Singapore has been consistently ranked among the top countries in the world by the OECD's Program for International Student Assessment PISA for some time If parenting is difficult enough as it is imagine doing it in a country with the smartest kids in the world which is what PISA is telling us This book describes our journey as parents in Singapore from infancy to pre school to the Gifted Education Program to Raffles Institution to getting offers from top universities Imperial College University College NUS College Nanyang Technological University Waseda University among others It is my hope that this journey will provide a guideline to other parents so that they can do the same or better

Exam Practice in Chinese P4, **Exam Practice in Chinese P3**, **Understanding Test and Exam Results Statistically** Kaycheng Soh, 2016-08-09 This book shares the goal of the classic text *How to Lie with Statistics* namely preventing and correcting statistical misconceptions that are common among practitioners though its focus is on the educational context It illustrates and discusses the essentials of educational statistics that will help educational practitioners to do this part of their job properly i.e. without making conceptual mistakes The examples are cast in the school classroom contexts based on realistic rather than theoretical examples The strongest aspect of the work or author's view is that the author can put himself in the shoes of teachers and make the work a very practical guide for teachers and school leaders As a very experienced educator and researcher the author knows very well about the knowledge skills that are essential for the professional development of teachers He is able to explain the statistical and measurement concepts in plain language and with examples that are highly relevant to the target audience In addition the author also conveyed an important message to the target audience throughout the work by pointing out the mistakes and misunderstandings of the interpretation of test scores and measurement design The author reminds the audience about the importance of proper use

of tests and test scores when teachers and school leaders make any education decisions which has much implication on the professional integrity of teachers and school leaders Dr Joyce Kwan The Education University of Hong Kong Hong Kong This book covers all the statistical tools for analyzing educational data and provides examples to explain the ideas Chapters 10 17 are practical data analysis in educational data that helps readers have a better understanding of the procedure to analyze the data Dr Alpha Ling The Education University of Hong Kong Hong Kong It looks like a very interesting book with attractive topics and practical problems in educational statistics Though the topics remind me of the classic book How to Lie with Statistics this book aims at preventing and correcting statistical misconceptions in educational context Dr Zhu Ying National Institute of Education Nanyang Technological University Singapore

Governance for Harmony in Asia and Beyond Julia Tao, Anthony B. L. Cheung, Martin Painter, Chenyang Li, 2009-12-18 Harmony has become a major challenge for modern governance in the twenty first century because of the multi religious multi racial and multi ethnic character of our increasingly globalized societies Governments all over the world are facing growing pressure to integrate the many diverse elements and subcultures which make up modern pluralistic societies This book examines the idea of harmony and its place in politics and governance both in theory and practice in Asia the West and elsewhere It explores and analyses the meanings mechanisms dimensions and methodologies of harmony as a normative political ideal in both Western and Asian philosophical traditions The book argues that in Western political thought which sees politics as primarily concerned with resolving social conflicts and protecting individual rights the concept of harmony has often been neglected In contrast since earliest times harmony or he has been a profound theme in Confucian thought and current leaders of many East Asian governments and the Chinese government have explicitly declared that the realisation of a harmonious society is their aim The book also assesses how harmony is pursued jeopardized or deformed in the real world of politics based upon empirical analysis of a variety of different cultural social and political contexts including China Hong Kong Singapore Malaysia Singapore Vietnam Denmark Latin America and the Scandinavian countries It shows how harmony as an organizing concept can help to promote new thinking in governance and overcome problems of modern day governance like distrust adversarial conflicts hyper individualism coercive state intervention and free market alienation It also discusses the potential problems posed by the pursuit of harmony in particular in the grave threat of totalitarianism and considers how these risks could best be mitigated

What is Quality Education? Suleman Sumra, 2008 Cleverlands Lucy Crehan, 2016-12-01 As a teacher in an inner city school Lucy Crehan was exasperated with ever changing government policy claiming to be based on lessons from top performing education systems She resolved to find out what was really going on in the classrooms of countries whose teenagers ranked top in the world in reading maths and science Cleverlands documents Crehan's journey around the world weaving together her experiences with research on policy history psychology and culture to offer extensive new insights into what we can learn from these countries *Looking In, Looking Out*, 2006
