Negotiating Conviviality Hay, Paula L., 2014-06-13 This book is an ethnographic study of a group of migrants in Cape Town from Malawi Zimbabwe and South Africa It seeks to understand how migrants overcome structural exclusion by forming and maintaining convivial relationships through the Bay Community Church and how this is facilitated by Information and Communication Technologies ICTs The book argues that ICTs are implicated in the negotiation of conviviality ICTs allow for a negotiation of intimacy and distance although their functions may facilitate more contact than is desired or further distance those already separated physically This book interrogates the strict division between insiders and outsiders and highlights that migrants are able to sustain multiple networks and relationships linking their home and host countries Despite increasingly strict border control and animosity from host communities migrants are able to overcome imposed identities such as outsider They do so by using ICTs such as cell phones and Facebook to emphasise their Christian identity which is one of the main factors for inclusion in church based networks Membership with a mixed denominational church such as the Bay further challenges the notion that migrants stick to themselves Inclusive communities such as the Bay and everyday desires for conviviality evoke the need to reconsider policies too narrowly articulated around the

Yearbook Christian Reformed Church,2006 **Pentecostalism and Cultism in South Africa** Mookgo Solomon Kgatle,2021-02-28 Pentecostalism is a growing movement in world Christianity However the growth of Pentecostalism in South Africa has faced some challenges including the abuse of religion by some prophets This book first names these prophets and the churches they lead in South Africa and then makes use of literary and media analysis to analyse the religious practices by the prophets in relation to cultism Additionally the book analyses the celebrity cult and how it helps promote the prophets in South Africa The purpose of this book is threefold First to draw parallels between the abuse of religion and cultism Second to illustrate that it is cultic tendencies including the celebrity cult that has given rise to many prophets in South Africa Last to showcase that the challenge for many of these prophets is that the Pentecostal tradition is actually anti cultism and thus there is a need for them to rethink their cultic tendencies in order for them to be truly relevant in a South African context Covid-19 and the Dialectics of Global Pandemics in Africa Munyaradzi Mawere,Bernard Chazovachii,2021-10-01 The prevalence of global pandemics has been timeless and universal In 1918 the Spanish Flue grounded Spain and her neighbours In 1997 2014 and 2020 the Ebola virus wreaked havoc in West Africa in the same manner that polio had ravaged the globe Since 2019 the Coronavirus has forced most economies onto a downward spiral Despite concerted global attempts at observing World Health Organization guidelines the Coronavirus has been changing peoples lives forcing most economies onto their knees endangering lives and livelihoods making a mockery of global medicine and causing the widespread despair and helplessness that has come to be known as the new normal Unlike the other pandemics the mayhem complexities and dialectics caused by Covid 19 have been matchless requiring a systematic study and necessitating a volume like this one The volume s 16 well researched chapters argue that despite Covid 19 s enormous lessons and predictions about even greater future pandemics humanity can ill afford to relent in its determination to conquer the pandemic in the same way that human resolve has defeated past pandemic As such the volume provides hope and direction to the global community on how best to deal with Covid 19 and pandemics of similar or even higher magnitude
